

HOUSE VOTES WAR TONIGHT

NEW SENSATION IN MEXICO PLOT

German Promise of U-boat Base Off Mexico and Arms and Men for Villa Proven.

PART OF ZIMMERMANN NOTE

BULLETIN.

Washington, April 5.—Representative Miller of Minnesota, republican member of the foreign affairs committee, sprung a sensation during discussion of the war resolution in the house today by declaring that an unpublished paragraph of the Zimmermann note offered to establish a submarine base in a Mexican port, supply Mexico with unlimited quantities of arms and ammunition and send German reservists in the United States to Mexico.

The unpublished portion of the Zimmermann note, Miller quoted as follows: "Agreeably to the Mexican government submarine bases will be established at Mexican ports from which will be supplied arms, ammunition and supplies. All reservists are ordered into Mexico. Arrange to attack all along the border."

It has been understood, but never officially announced, that the full text of the Zimmermann note was given to the German minister in Washington, which revealed the attempt to ally Mexico and Japan in war against the United States. Members of the foreign affairs committee in congress, however, had been supplied with full text and with other evidence of German intrigues against this government.

German in Villa Army. Representative Miller further said he understood three German schooners had landed on the western coast of Mexico and that Villa was surrounded by German officers who had taken charge of the drilling of his troops. Reliable information, he said, also was that the Carranza army was "not much better."

Denied by Lansing. When Representative Miller's quotation was submitted to Secretary Lansing, however, the secretary of state declared the Zimmermann instructions "contained nothing of the sort."

Debate Drags. Debate on the war resolution dragged in the house today the day in such a perfunctory manner that scarcely at any time were the floor or galleries filled.

Its passage a foregone conclusion, the debate was prolonged only by the plan of the administration floor leaders to give every opponent his opportunity to speak. Passage of the resolution before adjournment tonight was assured and then, with the president's signature, a state of war between the United States and Germany will be a formally accomplished fact.

While the house was hearing speeches the first concrete act to make provision for the conduct of the war came from the war and navy departments which submitted estimates for appropriations of \$3,400,000,000 to be spent within a year.

It was the first official manifestation of the president's determination that the nation must enter the war wholeheartedly and with all its force; that it must not be a "half war."

Chairmen of the military committee in house and senate went over the war department's army bill which provides for raising an army of 2,000,000—the first million by expansion of the regular army and national guard, and the remainder by universal service.

War Situation

The United States senate last night passed the resolution declaring that a state of war exists with Germany by a vote of 82 to 6. Senators La Follette, Gronna, and Norris, republicans; Vandamm, Lane and Stone, democrats, voted against the resolution. It will come up in the house today.

The French and British have made further important gains against the Germans in the assault on St. Quentin, but only after hard fighting. Berlin asserts that northeast of Bapaume and west of St. Quentin, the Germans inflicted heavy casualties on the British, and that near Noyelle, 240 British prisoners were killed by their own machine gunners as they were being taken back by the Germans.

In Volhynia, 33 miles northeast of Kovno, the Germans have struck a hard blow at the Russians fighting their way across the Stokhod river, inflicting heavy casualties on them.

On the Persian front the Russians are still in pursuit of the Turks in the region of Khankin. Teutonic allied armies have dropped bombs on Monastir and 47 persons were killed and 22 wounded, the majority of them women and children.

BRITISH CAPTURE TWO MORE VILLAGES

London, April 5, 1:45 p. m. The capture of the villages of Renssieu and Basse-Boulonne in the sector northeast of Peronne is announced by the war office.

British and Russian patrols have got into touch with each other in Mesopotamia, the Associated Press was informed today by Maj. Gen. R. Maurice, chief director of military operations in the war office.

German Defense Strength. Paris, April 5, noon.—French reconnoitering parties advanced last night north of Gaucha and Moy, in the region south of St. Quentin until they reached new German lines which they found to be occupied strongly, the war office reports.

Artillery fighting is in progress over the front between Lauffaux and Margival.

A German attack northwest of Rheims was repulsed.

Slay Cavalry Advances. Petrograd, April 5, 1:45 p. m. Russian cavalry has occupied the Mesopotamian frontier towns of Khandik and Kaschikhin, says an official statement issued today by the Russian war department.

LOYAL FOREIGN BORN SAFE IN AMERICA

Washington, April 5.—Official announcement today that foreign-born residents in the United States who conduct themselves properly will suffer no loss of property or liberty as a result of a declaration of a state of war.

OVATION TO AMERICA IN FRENCH PARLIAMENT

Paris, April 5, 4 p. m.—Extraordinary scenes of enthusiasm for the United States were witnessed today in both houses of parliament. Not since the historic session of Aug. 4, 1914, has there been a parallel.

Alexandre Ribot, the venerable premier, began an address in solemn and impressive tones to the silent assembly which filled every part of the house. The deputies listened with unbroken attention until the first minutes of the United States. Then they broke out in applause. At first it was a decorous clapping of hands, and then the whole house spontaneously arose, cheering for the United States and President Wilson.

The American ambassador, William G. Sharp, was in the diplomatic gallery. The deputies turned toward him and the demonstration continued. The ambassador stood up and bowed and the cheering was redoubled in intensity.

Premier Ribot continued his address, but almost every phrase was interrupted by applause. Mr. Sharp was again obliged to rise and acknowledge an ovation when the premier said:

"The United States wishes neither conquest nor compensation."

KESSINGER HAS BILL TO PROTECT NEWSPAPERS

Springfield, Ill., April 5.—A bill to protect newspapers and press associations from news thieves was introduced in the senate today by Senator Kessinger of Iowa. It proposes that any one who shall wrongfully take from a newspaper company any information from any news dispatch addressed to a newspaper and send it to another newspaper shall be guilty of a misdemeanor and subject to a fine of \$1,000. It also proposes that if a telegraph company who serves news dispatches or permits them to be exposed to others shall be guilty of a misdemeanor.

ASK HUGE SUM FOR WAR FUND

Congress Requested to Rush \$3,400,000,000 Appropriation for U. S. Army and Navy.

BIG INCREASE IN THE NAVY

(BULLETIN.)

Washington, April 5.—Requests for immediate appropriation of \$2,400,000,000 for the army and navy were made to congress today by the executive departments.

Provision is made for increasing the enlisted strength of the navy to 150,000 men and to increase the marine corps to 20,000. Of the great sum, a little more than \$2,500,000,000 is asked for the army.

Details of Defenses. The details of the estimates approved by President Wilson follow: To be immediately available to the war department \$2,932,535,932.

Secretary Baker declared that this amount was required for the period of one year from the date the appropriation is made available.

To raise the authorized enlisted strength of the navy and marine corps to 150,000 men and 20,000 men respectively, \$175,855,762 was asked to remain available until June 30, 1918.

For actual and necessary expenditures for the naval establishment, in addition to other appropriations to be expended at the discretion and in the discretion of the president, \$22,532,730 was asked. Immediately the estimates were referred to the appropriations committee.

Plan Bond Issue. Formulation of tax measures for the war has not reached a definite stage, but there are indications that the treasury will endeavor to raise by one bond issue as much of the \$2,400,000,000 as possible. One plan being considered is to raise the rate of taxation on large estates to 30 per cent.

Plan Army of 2,000,000. Plans for raising an army were discussed at the capitol today by Secretary Baker and Chairman Chamberlain of the senate military committee.

It was agreed to expedite the regular army appropriation bill and the new administration army bill.

The new army bill has been submitted to Senator Chamberlain and Chairman Dent of the house committee and will be introduced in both houses, probably tomorrow.

The principal provisions for raising the new army follow: Immediate recruiting of the regular army and national guard to their full strength, about 750,000 men, and calling of all national guard units into federal service. Compulsory enlistment to recruit both the regular army and national guard to their full strength. If voluntary enlistments are not sufficient.

Increase in the present authorized strength of the regular army and national guard by about 35 per cent, to provide an armed force at once of about 1,000,000 men, by compulsory service if voluntary recruiting fails.

Increase by compulsory recruiting in increments to about 2,000,000 men within two years.

All new enlistments it is planned, shall be for the term of the war with Germany.

PLAN WAR CENSUS

Springfield, Ill., April 5.—Authority for a complete war census of the state by the adjutant-general to learn the number of men and amount of materials available in an emergency was proposed in a bill introduced today by Senator Curtis.

It asks an appropriation of \$50,000.

Senate Passes Dry Dance Bill.

Springfield, Ill., April 5.—The bill to prohibit the sale of liquor in dance halls and skating rinks, which failed of passage in the senate recently, passed 39 to 6, when it was brought up for reconsideration today.

The measure, which was introduced by Senator Barbour, exempts hotels where the dance halls are entirely separate from the bar rooms, but is designed to prevent dancing in dining rooms and rooms where liquor is served.

FISHING. With the coming of warm April days the fishing bug will begin to bite the angler as the fish itself begins to bite the bait.

The Beacon-News has made special arrangements with Dixie Carroll, the great fishing expert, for a series of articles on that subject. Dixie Carroll is well known thru his book, "Lake and Stream Game Fishing," which is considered a standard authority.

These special articles will be published in The Sunday Beacon-News and the first installment comes next Sunday.

Watch for them every week.

DANGER! DANGER!

The attention of the public, the traction company and the city authorities is called to a menace to people's sight, electric welding operations by traction company employees in the streets, without a green protection, eyes may be injured.

In large cities ordinances require the placing of screens about the places where the welding is being done. The men at work wear a mask or goggles which have colored glass to neutralize the menacing rays.

Persons with weak eyes may lose their sight or have permanent damage if they look at the vivid rays while the work is being done.

AMERICAN SHIP SUNK; SAVE CREW

Washington, April 5.—Sinking without warning of the unarmed American steamer Missouri which left Genoa, April 4, with 22 American crew members was reported to the state department today by Consul-General Wilbur at Genoa.

The crew was saved.

New York, April 5.—The American steamship Missouri, owned by the American Hawaiian steamship line, left here March 6, for Italian ports. The ship was unarmed and carried on her outward voyage a general cargo. She was commanded by Capt. William Lyons and carried a crew of 51 men of whom 37 were American citizens, according to shipping records here.

While the boats of the Trelver were being lowered the submarine fired on them, severely wounding the captain, the mate, the engineer, a donkey man and a cook.

News of the torpedoing of the Trelver came in a Reuter dispatch from Ymuden. The torpedoing, by a German submarine, the message adds, occurred off Scheveningen, Holland.

Twenty-four members of the crew, of whom eight are wounded, have been brought to Ymuden.

The Trelver sailed from New York on March 5 for Rotterdam and was reported arriving at Halifax on route on March 8. It was a vessel of 1,091 tons gross.

New York, April 5.—The Belgian relief steamship Felstein has been sunk in the North sea, while en route to Rotterdam, according to a cablegram received here today by the Belgian relief commission. It is believed it struck a mine.

The commission had received no word from London headquarters which sent the message about the Felstein, regarding the torpedoing of the Trelver.

Both vessels carried crews made up mostly of Belgians and Hollanders and it is believed no Americans were on either vessel.

The assumption that the Felstein was mined was based on the fact that all other commission vessels lost near Rotterdam met disaster in that way.

RAISE POLICEMEN'S WIDOWS' PENSIONS

Springfield, Ill., April 5.—Amended to provide that widows of policemen now on the pension rolls in Chicago shall receive \$40 instead of \$40 a month, the police pension bill was passed on second reading in the senate today.

Chairman Barker of the senate municipalities committee opposed the amendment which he declared would add an extra burden of \$20,000 a year on the pension fund. Committee amendments proposing that members contribute \$2.50 instead of \$2 a month were adopted. The bill to create a pension fund for Chicago park police also passed second reading.

Senator Buck's civil service bill to increase the number of exemptions from civil service and to eliminate the trial clause for discharged employees was set for special order next Tuesday by the senate today.

TWO MOOSEHEART BOYS BADLY BURNED

Hector and Ernest Torrier, 12 and 10 years of age, Set Clothing Afire at Stove.

Younger of Victims Runs and Jumps Into Lake—Used Kerosene to Heat Living Room Fire.

Two brothers, Hector Torrier, 12 years old, and Ernest Torrier, 10 years old, were badly burned at Mooseheart yesterday afternoon when their clothing caught fire from flames from a stove. The latter, with his clothing on, saved himself from burning to death by running 200 yards and jumping into Mooseheart lake.

The two boys are pupils in the Loyal Order of Moose industrial school at Mooseheart. They were playing in one of the sheds when the boys began to play with kerosene.

The older brother, threw kerosene on the stove and when the flames leaped out of the door the clothing of both boys caught fire.

Try to Beat Out Fire. Hector tried to beat out the flames with his hands and one hand was badly burned. The younger brother was so badly frightened that he stood still until all of his clothing was aflame. Then he ran out of the building and jumped into the lake. He crawled out when the flames were extinguished.

The two boys were brought to the St. Charles hospital here where they are being cared for by Dr. E. L. Lee. The younger is badly burned about the face, arms, and back, while the other is badly burned about the arms and hands.

6 DIE IN CHICAGO RESTAURANT BLAST

Chicago, April 5.—Six or seven persons were killed and 60 injured here today according to police estimates, in an explosion which wrecked a brick building on Halsted street near Lake street while a restaurant on the first floor was crowded with its patrons eating their noon day meal.

Run Injures to Hospital. At 12:45 o'clock 50 injured had been received at the hospital and the condition of many of them was reported grave.

At the hospital it was said that practically all of the injuries included burned, many severe, as well as cuts and fractures.

French Parliament to Thank America. Paris, April 5.—Before parliament adjourns for the Easter recess today the national leaders will voice the sentiment of the country on the entrance of the great sister republic of the United States into the world war.

President Raymond Poincaré will speak for the deputies, Premier Ribot in the name of the government and Minister Dubout, of the senate and Minister of Justice Viviani in behalf of the upper house.

The foreign affairs committee of the chamber of deputies held a session yesterday to consider the situation that will be created by the declaration of a state of war between the United States and Germany.

LANSING ANNOUNCES PENFIELD'S RETURN

Washington, April 5.—Official confirmation of Ambassador Penfield's return to this country from Vienna was given by Secretary Lansing today for the first time since the rumors started about a week ago that he was coming back. No reason for the return, however, was given.

Adam owned the earth at one time. His experience should be a warning to those who want it now.

THIRD SEEKING 300 RECRUITS

Col. Greene Calls Meeting of Officers Tonight to Speed Up Work of Filling the Ranks.

WANT FULL WAR STRENGTH

The Third regiment, Illinois National guard, will need 300 Aurora recruits to put the four local companies on war strength, Col. Charles Greene, of Aurora, the commanding officer, announced today. He expects orders from Springfield at any hour and has called a meeting of the commissioned officers for tonight to discuss plans for recruiting.

"Men of Aurora and surrounding towns should enlist in the local companies of the Third regiment," Colonel Greene said, "as it is a home organization. When we are called to go to the front we want full war strength. After our companies are filled the volunteers from this section can join other regiments."

The meeting of the Third regiment officers tonight will be held at the new armory in Island avenue. Plans for recruiting in all of the cities where companies of the regiment are located will be discussed. The officers will also talk over plans for mobilizing up to the full strength. The order does come it will be no delay.

Four Companies Here. Aurora has four companies, D and I, a machine gun corps and a supply company. The two former companies have about seventy-five men each. At present the machine gun corps has 150 enlisted men and three officers. The supply company has 75 men.

"In order to put the Third regiment on full war strength we must have about one thousand recruits," Colonel Greene said today.

A regiment at war strength must have 2,000 enlisted men and 50 officers. We will have no trouble recruiting up to the full strength. Once the campaign is started I am sure we will have many times more men from the regiment than the Aurora companies need. We must have 300 and I believe there will be many times that number of Aurora men who will be ready to go at the start. At the meeting tonight all arrangements for taking in recruits will be discussed.

Officers on Duty Daily. "It is the plan to have a non-commissioned officer of each company at the armory during the day to enlist recruits. The armory will be open every night and there will be commissioned officers on hand to assist in the work."

"Aurora went to the front in the Spanish-American war with flying colors and I am sure that our men will not be found wanting in the present crisis."

All of the commissioned officers of the Third regiment attended the federal oath taking and were mustered into the service. It is also probable that the regiment will be sent back into the service. The enlisted men who passed the examination at Springfield last spring will go back into the federal service without taking another examination.

The addresses and telephone numbers of the companies of the Third regiment are in the possession of the officers and the men can all be reached in less than two hours, Colonel Greene said.

HOGS REACH \$15.65; WHEAT GOES TO \$2.07

Chicago, April 5.—Hogs, cattle and sheep are now selling at unprecedented prices at the Union stock yards here, and the same is true of futures in wheat, corn, oats and provisions on the board of trade. The high mark for hogs was again elevated today when choice heavy hogs sold at \$15.65. Receipts were 1,000 head less than the trade had expected.

May wheat is the opening today sold at \$2.07, a 1/4 cent higher than the record established yesterday.

Wheat for delivery next month shortly before the close of the board of trade today added five cents to the new high record established yesterday. It sold at \$2.07, an advance of 5 to 10 cents over the close yesterday. The upturn was due to an attempt of belated shorts to cover their contracts, only to find the market bare of offerings.

MITCHELL CASE DROPPED

Albany, N. Y., April 5.—Adoption by the senate of resolutions expressing confidence in the loyalty and patriotism of Democratic Leader Robert F. Wagner of the senate and containing no word of censure for Mayor John F. Mitchell of New York, brought the Mitchell-Wagner controversy over Rockaway fort site legislation to a sudden termination early today. The endorsement of Senator Wagner was unanimous.

HOT CROSS BUNS GO UP IN PRICE

Hot cross buns, one penny, two a penny, hot cross buns have joined the legion in ranks of the H. C. L. and are to sell tomorrow for 18 cents per dozen, in some bakeries. Some bakeries will sell them for 15 cents per dozen but the penny bun is a thing of history.

The great culinary staple of Good Friday shows a general advance of three cents per dozen. Last year the buns sold at 12 and 15 cents per dozen.

Aurora has always been a bunter town for the sale of hot cross buns and the raise in price is not expected to cut down their consumption to any material extent.

ASK SHERIFFS WATCH SPIES

Arrests to Follow Declaration of War on Germany Is Word From Federal Officers.

Sheriffs and state's attorneys in the federal district of Illinois have been asked by the government to co-operate in the arrest and prosecution of aliens or others guilty of acts against the United States in connection with war with Germany. United States Marshal John J. Bradley addressed letters to the sheriffs yesterday and communications to the prosecutors were sent by District Attorney Charles F. Cline. The county officers will be expected to keep the federal government informed about suspected traitors or spies.

Arrests will follow the actual declaration of war on Germany by the United States.

Blames L. W. W. L. W. workers are blamed by Corp. A. J. Polin, recruiting officer for the United States army in Aurora for the defection of the recruiting service posters. Corporal Polin says that the Industrial Workers of the World have been known to engage in similar activities in other cities.

"I won't work have long been known as foes to military training or preparedness in any form," Corporal Polin said. "The stickers bearing the inscription, 'Be a Man, Not a Soldier' are said to be an adaptation of their slogan."

Members of the emergency peace committee said yesterday that they had nothing to do with the placing of the stickers on the bulletin boards of the recruiting service or on the Boy Scout posters.

W. B. Greene, chairman of the local committee said yesterday that he would not continue the work of the pacifists in Aurora and so far as he was concerned an entirely new organization would have to be effected. He also said that the committee had not been active in this city for several weeks, practically giving out after the lecture by Jenkin Lloyd Jones some weeks ago.

INVESTIGATE SHOOTING OF SLAV DIPLOMAT

Baltimore, Md., April 5.—Detectives were sent today to investigate the shooting of Michael Borzotzky, commercial messenger for the Russian government, who lies in a hospital with a bullet wound in his stomach. This was done in spite of the assertion of Borzotzky's friends that he wounded himself accidentally with a revolver when removing a revolver from his clothes.

The Russian agent was the guest of friends here after delivering a number of papers to banks and the Russian commercial agent in New York.

School Book Bill. Springfield, Ill., April 5.—A bill by Senator Daily to provide regulation of text books in public schools passed the senate today. It proposes that dealers in textbooks must file a list of prices with the secretary of state and seeks to prevent discrimination in favor of other states. The bill would prohibit any change of price more than once in five years.

Advance Reading Bill. Springfield, Ill., April 5.—A bill by Senator Denver to legalize boxing was advanced to third reading in the senate without amendment and without debate today.

Help on Aurora Girls Charge. William Humbrecht, son of Mr. and Mrs. Henry Humbrecht of Bartlett was ordered held to the Cook county grand jury today on charges preferred by Ella Landwehr of Aurora. The case was heard before Justice Bodman.

WHY CITY TAXES CLIMB IS TOPIC

Because of City Hall Shortages and Numbers of Men for Each Job, McCredie Says.

FLANNIGAN ON TAX LEVIES

Why the city taxes are 25 per cent higher than ever before was discussed today by James McCredie, candidate for mayor, at a meeting with Burlington shopmen at the big gate in Broadway.

"It is because of the shortages in the city hall," he said, "that somebody has to make good."

"It is because of the employment of two and three men for one job."

"It is because of the employment of expensive outside help to draft plans for public improvements, plans that should and would have been prepared by the city's engineers and the city electrician."

"It is because a coal expert was hired at \$50 a day to tell when coal is coal."

"It was because of the employment of men to watch or sleep by automatic pumping machinery, machinery which in other towns that have this system, is controlled from a central power plant."

"I pledge you," McCredie said, "that if I am elected mayor this waste of your money will cease. City employees will give a dollar's worth of service for every dollar of city money they get or they will get out."

How Money Should Be Spended. William Flannigan, candidate for city clerk, discussed city finances, explained how the tax levy is made, and how the city clerk in cities which do not have a comptroller is the chief financial officer of the city.

"The city clerk should have his finger on the city's purse strings," he said, "and should know for what every cent is being spent."

"When I was city clerk, for instance, I got a report every night from the water office. I knew just how much had been spent on what."

"The city water office paid out no money without the city clerk's office had a voucher. The superintendent of water works did not make a report once a month or once in several weeks and thus get a chance to put over false entries and get city money to put in his pocket."

"Under the system that has been in use in the city clerk's office reports were made by the superintendent of water works once a month or once in several weeks. Money was paid out right at the water works office window. There was every opportunity to get away with city money and the money was gotten away with as the entries that were found after almost two years of it."

Help Tendered Krumpholtz. "When I left the city clerk's office I told my successor, Frank Gromm, 'All about the general system of the office and told him further that I would get my deputy, John Frisch, to help him on the books and he said, 'I'll see. He never spoke to me on the matter again."

"Auditors were going over my the senatbooks also after I left and he could have gotten all the information he sought from them."

"Now they are telling that the council is responsible for the tax levy and that the mayor had nothing to do with it."

"The city clerk as chief financial officer of the city always fixes the tax amount of the levy because he has all the figures available and knows what must be raised to run the city. He submits them to the city attorney who prepares the legal form, the ordinance. Unless it meets with the mayor's O. K. it never reaches the finance committee and the council. The council as well as the finance committee has to rely upon the city clerk for the figures. He is the only man who would or should know."

Harley Never Voted a Tax Levy. "But if the mayor thought that the tax levy as prepared by his city clerk and city attorney was too high it is reasonable to presume that he would veto it. You never heard of Mayor Harley vetoing any tax levy ordinance. And now he says the taxes are the council's fault."

Maurice Lord, candidate for city attorney, replying to the statement that City Attorney Albert Kelley had never engaged outside counsel, told him that the figures showed that he had cost the city \$2,000 more than ever before. "And further," Attorney Lord said, "Mr. Kelley got his brothers-in-law, Held and Newhall, to help him but the council barred him, paying them by adopting a resolution that no outside help should be hired without a city sanction."

Washington, April 5.—Joe Willard the heavyweight pugilist, sent this telegram today to President Wilson: "I will fight. When do you want me?"

HOUSE TO VOTE ON WAR TONIGHT

(Continued from page one.)

than a dozen members. It was predicted, would vote against the war resolution.

Chambers were only half filled when debate began. Under the unanimous consent rule, Representative Flood could move the previous question at any time after one hour. The debate began without limitation.

Flood Opens for Bill.

"War is being made upon our country and its people," Representative Flood said in opening. "Our ships are being sunk. Our non-combatant citizens including men, women and children are being murdered. Our merchantmen are denied the freedom of the seas. There is no choice as to our course. We are compelled by the acts of the German government to enter into this most colossal war."

"The time for argument has passed, the time for heroic action is here and our people will rally to the support of their government in this high and patriotic hour and meet war's sacrifices and war's perils as a brave and patriotic people should."

Representative Flood of New York, republican, favoring the resolution, said he could not disregard the fact that "the war cry, Germany answers by warring against us."

Stiegel Tells of Threats.

"During this week," she said, "intimations have come to me that political expediency required me to cast my vote against this resolution, and that contrary action on my part would mean a general effort from now on to end my congressional career. I would be unworthy of American citizenship were I to be deterred from acting by such warnings."

Representative Harrison, democrat, of Mississippi, assailed pro-German sympathizers and pacifists.

"I would suggest," he said, "that they now employ their talents and eloquence, not in attempting to cause division among the American people, but in addressing Kaiser Wilhelm. Bethmann-Hollweg, the Reichstag and the author of that remarkable sample of diplomatic 'kulturbau' the Zimmermann note."

Cooper Leads Anti.

First expressions of opposition to the resolution came from Representative Cooper and Stafford of Wisconsin and Britton of Illinois while Mr. Flood was recounting German violations of American rights.

"Wouldn't the English mines in the North sea destroy American lives?" Representative Cooper asked.

"To date England never has sunk one of our ships," Mr. Flood said.

Loud applause greeted the reply. He said 16 members had asked for time in which to speak against the resolution.

Representative Cooper launched into a defense of pacifists generally and himself particularly.

Defends Himself.

Cooper also defended his vote for the McNamee resolution.

"It was right then," he said, "and so were the 144 other members who voted for it. It should have passed. Canada does not permit its women to travel on armed ships and neither should we."

Mr. Cooper declared that the German government never had promised unqualifiedly to abandon its submarine warfare. Representative Flood made loud demands to be heard but Cooper would not yield.

Senate Vote 82 to 13.

The senate last night adopted by a vote of 82 to 13 the resolution recommending a state of war and its approval by the house today without protracted debate was expected.

The resolution was taken up in the house at 10 o'clock this morning under an agreement to hold a continuous session until it is acted on.

Passage of the resolution in the senate was marked by scenes of unusual gravity and quiet. There had been more than 12 hours of continuous debate featured by a three-hour speech of Senator La Follette denouncing war and defending pacifist efforts to prevent it and Senator Williams' retort that Mr. La Follette's speech was more worthy of the German chancellor, von Bethmann-Hollweg, than an American senator.

Mr. Williams also characterized Mr. La Follette's speech as "pro-German, pro-Goth, pro-Vandal, anti-President, anti-congress and anti-American."

Vote No.

Within a few minutes after the vote was announced, the senate adjourned and senators and spectators filed out silently with grave faces.

Three democratic Senators Lane, Stone and Vandaman and three republicans, Senators La Follette, Gronna and Norris cast the negative vote. They were among the group of 12 whom President Wilson characterizes as "willing men" in connection with the defeat of the armed neutrality bill by filibuster at the last session.

Senators Cummins, Kenyon and Kirby, also among the 12, voted for the war resolution. The remaining three, Senators O'Gorman, Clapp and Works, have since retired to private life.

The resolution as adopted by the

senate formally declares the existence of a state of war and directs the president "to employ the naval and military forces of the United States and the resources of the government" to carry on war.

A substitute resolution offered by Senator McCumber to declare the existence of a state of war after the sinking of another American ship by Germany, was killed by a viva voce vote.

The senate was not in session today, having adjourned over until tomorrow to await the action of the house on the resolution.

The pacifists today concentrated their energies on members of the house in an effort to defeat the resolution. Their leaders announced that in event of adoption of the resolution by the house they would then start work in opposition to conscription.

Wilson Studies Army Bill.

President Wilson today gave final study to the bill under which the war department plans to give compulsory military training to probably 500,000 men within two years, and the measure may go to the house and senate military committees today, if the war resolution is disposed of in the house. Details of the bill will be made public then.

The government had demonstrated today that it will deal sharply with manufacturers who try to make exorbitant profits from war supply contracts. The navy department yesterday ordered for the first time the authority given by the last naval appropriation bill to order naval supplies at a price fixed by the government and lower than that submitted by the manufacturer. The identity of the concern was not made public.

The navy department up to today had ordered 500 patrol boats to be used as submarine chasers, and additional contracts are being signed daily. Most are ordered at fixed prices rather than on the basis of 10 per cent profit, because of the vast amount of bookkeeping involved in the latter arrangement.

The war department's plan for building an army now is understood to provide for enrolling only men in their twenties, free from home responsibilities, for calling out the older men within the prescribed age limits first, and taking subsequently each younger increment of 500,000.

The brass making industry has agreed voluntarily to supply the government's needs at cost, and a similar arrangement is being sought of steel and fuel oil producers.

ALLIES EXPECTING MUCH OF AMERICA

Practical Fighting Men of Entente Believe U. S. Will Send Army to European Front.

Can Render Invaluable Aid Also by Specializing in Airships and Machine Guns.

(From a staff correspondent of the Associated Press.)

British Headquarters in France, via London, April 5.—There is much speculation in the British army as to what assistance, in a military sense, America might render the allies. Regardless of what theorists may say, practical fighting men here believe that the United States would want to have representation with the allied army on this front and would send over a considerable fighting force within six months, provided the war lasts that long.

One basis for this belief is that both Germany and Great Britain are fighting with new armies. Britain because her forces are largely made up of classes called to the colors since 1914, a large proportion having only five months' training. It is generally figured now that a good soldier can be made within six months. The organization behind the fighting force must be built up by genius but it is thought here that America can easily meet that emergency.

It is also argued in army circles that America might well specialize in such branches as aviation and machine gun detachments. The airplanes would have, however, to come up to a high standard and must make at least 150 miles an hour to take rank with the best English and French machines. One definite thing expected is that America will undoubtedly increase many fold the hospital and medical assistance which she is already voluntarily rendering the allies.

McGREDIE MEETINGS

The McGredie candidates will speak to women at the First ward at the Advent Christian church tomorrow afternoon at 2:30 o'clock. This meeting will follow a meeting at the Aurora Corset company to be held at noon.

Members of the Phoenix and Star clubs will be addressed tonight at 7:30 and 8:30.

"TIZ" FOR SORE, TIRED FEET--AH!

"Tiz" is grand for aching, swollen, tender, calloused feet or corns.

Ah! what relief. No more tired feet, no more burning feet; no more swollen, aching, tender, aching feet. No more soreness in corns, calluses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which put up the feet. "Tiz" cures your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, calluses or bunions.

Get a 26-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 26 cents. Think of it—Advertisement.

ELKS INSTALL

The regular meeting of Aurora lodge No. 745, B. P. O. Elks, in the lodge rooms last evening when installation of the newly elected officers was held, was largely attended. Past Exalted Ruler P. A. McCarthy of Elgin had charge of the ceremony. Mr. McCarthy was accompanied to Aurora by a delegation of visiting Elks from Elgin, Joliet and Chicago. Elks were also present, a quartet from the Joliet lodge furnishing some very good music. The Chicago delegation extended an invitation to the Aurora lodge for the athletic carnival in the Coliseum May 1. A buffet luncheon was served during the evening.

(By Associated Press Lead Wire.) Vienna, via London, April 5.—United States Ambassador Penfield is understood to have desired to leave Vienna for Washington April 7. Instead of April 5, as previously reported.

Tenth Anniversary.—Mr. and Mrs. Albert Ostberg were surprised by 40 relatives and friends last evening, who recalled the fact that yesterday marked their tenth wedding anniversary. The host and hostess were attended in their wedding garments of 10 years ago, while Miss Signa Bjorseth acted as flower girl and Miss Ellen Munson as trainbearer. A box of tin utensils was given to the host and hostess, the articles concealing the real gift, solid silver knives and forks. The Rev. Oscar Bjorseth made the presentation. Refreshments were served.

(By Associated Press Lead Wire.) Springfield, Ill., April 5.—The Illinois supreme court today denied the petition of Mrs. Camilla Jackson, a negroess of Chicago, for a writ of habeas corpus to gain possession of Marjorie Delbridge, a white girl, taken from the Jackson home and spirited to Detroit.

Marjorie is now under the guardianship of Catherine Shannon of Chicago who was appointed the child's guardian by the juvenile court.

ATHLETE HURT IN AUTO

Enid Rowe, athletic director at the St. Charles State School for Boys, used his mighty shoulder to stop and push his football men of the teams from the Universities of Chicago, Minnesota, Wisconsin and other schools out of his way while on the football field, at the time he was captain of the University of Illinois football team and escaped injury.

But when a little Ford auto acted up yesterday afternoon Rowe's shoulder was dislocated. James Stengall, also of the state school, was slightly injured. The machine, skidded on a slippery dirt road and turned turtle, while the men were riding from Geneva to the state school. Both men were taken to the state school for surgical aid.

PRESIDENT OF FRANCE CABLES WILSON THANKS

POINCARÉ SENDS AMERICA FAITHFUL TO ITS IDEALS AND TRADITIONS.

(By Associated Press Lead Wire.) Paris, April 5.—President Poincaré of France has sent forward the following cablegram to President Wilson:

"At the moment when, under the generous inspiration of yourself, the great American republic, faithful to its ideals and its traditions, is coming forward to defend with the force of arms the cause of justice and of liberty, the people of France are filled with the deepest feelings of brotherly appreciation."

"Permit me again to confer to you, Mr. President, in this solemn and grave hour, an assurance of the same sentiments, of which I recently gave you evidence, sentiments which, under the present circumstances have grown in depth and warmth."

"I am confident that I voice the thought of all France in expressing to you and to the American nation the joy and the pride which we feel today as our hearts once again beat in unison with yours."

"This war would not have reached its final import had not the United States been led by the enemy himself to take part in it. To every impartial spirit it will be apparent, in the future more than ever in the past, that German imperialism, which desired, prepared and declared the war, had conceived the mad dream of establishing its hegemony throughout the world. It has succeeded only in

bringing about a revolt of the conscience of humanity.

"In never to be forgotten language you have made yourself, before the universe, the eloquent interpreter of outraged laws and a menaced civilization."

"Honor to you, Mr. President, and to your noble country. I beg you to believe in my devoted friendship."

(Signed) "RAYMOND POINCARÉ."

GIRLS STILL BEST SPELLERS

Again Demonstrate Superiority
Over Boys in Kane County
Public School Spellingdown.

NO BOY YET THE CHAMPION

Girls in Kane county schools continue to be better spellers than the boys. This is proved again in the recent town "spell-downs". One lone boy and 14 girls will compete for the title and distinction of being the champion speller of Kane county for this year when the county contest is held at Geneva, next Saturday. The lone boy is Robert Lowrie of Big Rock, school district No. 157.

County Supt. of Schools E. A. Ellis today announced the names of those who won the title of champion speller of their respective townships, and also the names of the alternates. They are:

Aurora—Lena Kestle; Ashley Ames. Batavia—Geneva—Stannie Olson; Verena Schwann. Big Rock—Robert Lowrie; Mary Judd. Blackberry—Margaret Shepard; John Winterhalter. Burlington—Glady Van Dusen; Hancote—Harriet Eddy; Glen Taylor. Dundee—Enola Rath; Eda Bartlett. Elgin—Martha Grimm; Martha Schliferer. Hampshire—Marion Hitt; Thelma Allen. Kaneville—Irene Dorias; Hubert James. Plato—Eather Dahlstrom; Harold Olson. Rutland—Blanche Hennessy; Marie Rodinger. St. Charles—Lois McCormack; John Sheehan. Sugar Grove—Myrtle Coddington; Esther Hart. Virgil—Mollie Donahue; Stanley Allen.

Winners of Other Years.

The winners of the county championship since the county contests were started in 1912 by County Supt. of Schools E. A. Ellis are:

1912—Louise Evans, Big Rock. She later attended the Aurora West high school, and is now teaching school in the Big Rock district where she attended school.

1913—Marion Peterson, Geneva. She is now a senior in the Geneva high school.

1914—Ellen Slack, Montgomery. She is now a student in the Aurora West high school.

1915—Grace Luthardt, St. Charles. She is now attending the Geneva high school.

1916—Virginia Spencer, Kaneville. She is now attending the Kaneville high school.

Every county champion has been a girl and with 14 girls opposing one boy in the contest next Saturday, the boy if he wins, will be considered a wonder.

The annual spelling contest is not a matter of a few weeks' studying each year. The spelling is given attention during the entire year and 12,000 school pupils are helped as each is a contestant for the county honor, until eliminated.

A peculiar feature of the county championships is that no one living north of Geneva has won the county title.

KESSINGER ASKS STATE AID FOR DEAF SCHOOL

Senator Harold Kessinger introduced a bill in the senate at Springfield today asking for an appropriation of about \$1,800 of the state's money for the deaf school in Aurora conducted in conjunction with the public school. Representative R. Arthur Milroy of Aurora introduced a similar bill in the house a few weeks ago.

The Aurora school for the deaf is the only one of its kind in Illinois outside of Chicago.

SWINDLER RETURNS MONEY; PAYS FINE

Al. Baker, colored, arrested in Chicago on September 9 on a charge of swindling Mrs. Thomas Cooper, also colored, out of \$100 at the city market in North River street, pleaded guilty in the circuit court in Geneva yesterday and paid a fine of \$100 and costs. He also returned the \$100 to Mrs. Cooper. Baker and another negro picked up a pocketbook in front of Mrs. Cooper and in her presence took \$500 in bogus money out of the pocket. If he would not tell the police, in order to make the split, he had to go home and get \$100. She returned and gave the money to Baker and he disappeared, taking the bogus money with him.

KANE COUNTY BOY GUNNER ON LINER

A Kane county boy, Edward Higgins Jr., son of Edward Higgins, 1212 E. 12th street, will start across the Atlantic ocean today on the steamer Omega, an armed merchantman owned in the United States.

Higgins with three others from the United States navy have been transferred to the armed merchantman and they are ranked as first class gun pointers.

The armed merchantman was to sail today from a United States harbor for Bordeaux, France.

The duty of Higgins and the other three gunners is to fire upon and sink any German submarine boat they see.

HARLEY MEETINGS

The Harley ticket candidates will hold three street meetings this evening as follows:

LaSalle and Seminary at 7:30 o'clock. Marion and Fourth at 8:00 o'clock. Jackson and Fifth at 8:15 o'clock.

These meetings were scheduled for last evening but the heavy rain caused a postponement. A meeting was held at the Imperial club.

Meetings tomorrow evening for the Harley candidates are:

NATIONAL SCOUT OFFICER HERE

E. C. Bacon of Boys' Organization to Reorganize Aurora Scout Patrols.

BUSINESS MEN WILL AID

Kiwanis Club Favors Plan and Names Five Men to Assist in Work.

Edward C. Bacon, national field scout commissioner of the Boy Scouts of America, is in Aurora for a month of work re-organizing the order and putting it on a permanent basis. Part of his program calls for a three days' financial campaign to raise \$10,000 as a three year budget for the Boy Scout work in Aurora.

Some thirty odd business men and manufacturers of the city will be enrolled as a permanent council of the Boy Scouts. The new organization of the scouts in Aurora will place them in the first class in cities of United States.

Business Men Aid Work.

The Kiwanis club yesterday endorsed the plan of Mr. Bacon and appointed five of their men to assist him in the work. On the council these were Frank J. Knight, cashier of the Merchants' National bank; F. A. Rowley, the secretary of the club; E. C. Finch of Finch & McCullough, the president; A. M. Snook of The Beacon-News and R. L. Curry, manager of the Armour company plant.

The plan will include the employment of a paid executive as chief of the scouts in the city. The work of the individual troops and the raising of new troops will then be carried forward under his direction. No change in the organization of the individual troops is expected.

The principal effort in the campaign, apart from the work of selecting the council will be the financial campaign to be carried on April 24, 25 and 26. The objective of the scouts is \$10,000 to be raised by subscription during the three days.

Plan Permanent Headquarters.

This money will be expended on perfecting the organization of the scouts and making them more and more an asset to the city's life. From this fund money will be drawn to pay for permanent headquarters for the scouts, the payment of the salary of a scout executive, the education of scout masters and the maintenance of a permanent scout camp.

The executive scout master will have general charge of the work of the order in the city. In addition he will be expected to assist the scout masters and assist in their training and the filling of possible vacancies. He will also have charge of the organization of new troops.

Make Scouts More Efficient.

The whole idea of Mr. Bacon's campaign is to make the scouts more efficient by putting them on a sound business and financial basis. He expects to raise the required amount of money to do this easily in Aurora. In Joplin, Mo., and in Joliet, the budget was oversubscribed before the final day of work was half complete. In

Joplin the amount was \$2,000 in excess of the mark set and in Joliet it was \$1,900 over the budget.

Mr. Bacon has opened headquarters in the Y. M. C. A. annex in LaSalle street. He will remain in Aurora for approximately a month while effecting the re-organization of the scouts. His work will be carried on in conjunction with the present Aurora scout organization of which Garfield W. Kade is president.

BERLIN PRESS CONTINUES ABUSE OF WILSON

[By Associated Press Leased Wire.] Berlin, April 4, via London, April 5.—Bitter personal attacks on President Wilson and the repudiation of the distinction he drew between the German people and their government feature the comments of the German newspapers on the president's message to congress.

The Lokal Anzeiger says: "America must know that the assurance of President Wilson that the war is directed not against the German people but the German government cannot detract from the anger which his attitude during the whole war has fostered and which his last message has fanned into a bright flame."

Germania says: "President Wilson wanted war and nobody can get past that. History will never go beyond that point and history will judge the more severely because it can be said today that war over such questions would have been impossible at another time, especially between the United States and Germany."

The Vossische Zeitung, which follows the lead taken by the Lokal Anzeiger, says: "Those who have so far doubted the bad faith of President Wilson will know better when they read the malicious distortion of truth which forms the chief contents of his message."

The Berlin Tageblatt professes to believe that President Wilson has deceived the American people and that they will in time realize it.

The Vorwarts runs its comment under a dispatch telling of the pending trip to Washington from Vienna of United States Ambassador Penfield.

"For the time being," says the socialist organ, "we must reckon with the fact that a new enemy has arisen against us, who can, however, develop his great powers only slowly."

Congratulate Page.

[By Associated Press Leased Wire.] Rome, April 4, via Paris, April 5.—English, French and Italian delegations visited United States Ambassador Page today to congratulate him on the attitude taken by the United States to express their gratitude for "the noble and courageous initiative of the government and people of the United States in favor of right, law, justice and humanity."

Remove the Roots
Of Superfluous Hair
(Entirely New Method.)

"Seeing is believing." When your own eyes see the roots come out, you know the entire hair is gone, not merely the surface hair. You know that hair can never return.

Yes, it is really true that the new phaeoline method removes superfluous hair completely—roots and all—without the least injury, leaving the skin soft, smooth, hairless. You do the work in a day, in your own home, without assistance. It does away with numerous and expensive visits to the electrolysis expert. Does away with depilatories or shaving at frequent intervals. Nothing like it ever known before, perfectly harmless, odorless, non-irritating. Get a stick of phaeoline, follow the easy instructions, and if not entirely satisfied the druggist will refund your money.

Services will be held from the late home in Kane street at 4 o'clock. The Rev. Father McDure will officiate. Interment in Mt. Olivet cemetery.

Push ahead. Remember the big league is always drafting pennant winners out of the bush leagues.

WARNS WORLD FOOD SUPPLY IS DEFICIENT

[By Associated Press Leased Wire.] Rome, via Paris, April 5.—The world's food crop is "deficient and the situation is becoming alarming," according to David Lubin, American representative to the International Institute of Agriculture. Mr. Lubin is here to report the facts to President Wilson thru Ambassador Page and is urging the imperative necessity of a mobilization of American agricultural resources. To a correspondent of the Associated Press Mr. Lubin said:

"For the first time in many years there exists a deficit in the supply of corn, wheat, rye, barley and oats. Estimated at a total of 120,000,000 bushels less than the normal requirements for countries open to trade. The situation is worse than was expected last October. The institute's report indicates then a surplus of more than enough to feed the world until August of this year when the new crops begin to come in."

"We must profit by Europe's experience before meal tickets become necessary. We can avoid high prices by the eliminating of waste, by the growing of more food and also by effective organization of our food supply, which is more important than getting men into the army."

WAR PLANS IGNORE ROOSEVELT DIVISION

[By Associated Press Leased Wire.] Washington, April 4.—Army plans as they now stand make no place for Colonel Roosevelt's volunteer army division or any similar organization.

As the plans will be presented to congress they provide for the regular army, the national guard and the new army to be raised by universal service.

WOULD GIVE NEEDY VACANT LOT GARDENS

Several members of the city council say they are now opposed to the plan of Ald. Archie Sylvester to have the city plow up vacant lots to be planted to gardens by children of a number of the schools and churches. Mayor Harley has been asked by one of the aldermen to have the vacant property turned over to needy workmen who have large families. A resolution along this line will be presented at the next meeting of the city council.

You'll need new clothes for Sunday

Easter is dress up time

HOW would you like a dark blue serge suit or a dark mixture—maybe a brown or greenish shade in it; made by Hart Schaffner & Marx.

Or a stylish, well balanced Varsity Fifty Five, one, two or three buttons; any number of pleasing variations.

But the cutaway frock is the real right thing; it's here in the newest designs by Hart Schaffner & Marx; dark grey oxfords in a variety of shades.

Easter shirts, neckwear, and hosiery; "dress up" as much as you want to in these good things.

QUALITY + VALUE

OUR FURNITURE

That's a Combination
of Real Interest

And it is a combination that goes into every piece of furniture that we sell.

We mean furniture of utility, neat design, and substantial construction, at prices within the reach of those who want the best that medium prices can buy. While we handle the very finest grade of furniture, we wish to be known as dealers in the moderate-price lines also.

But no matter what the price, the quality and value are there, and we are never satisfied with the sale until our customer is satisfied by the sale.

We take pleasure in showing the stock and quoting prices. We want you to come in and weigh our values in your own mind.

TAXES IN AURORA

Trying to confuse the people with a mass of figures, the Harley administration is seeking to show that Aurora is almost responsible for the national debt.

This One Thing the Taxpayers of Aurora DO KNOW:

Every property owner in this city who in 1915 paid in taxes FOR CITY PURPOSES ONLY, the sum of \$16.30, this year paid FOR THE SAME PURPOSES the sum of \$20.60.

An Increase of \$4.30

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the accumulation of already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who write to the Marmola Co., 351 Third Ave., Detroit, Mich., for a large case of Marmola Prescription Tablets. It is the only safe and reliable way to reduce, and it is safe to reduce two, three or four pounds a week without dieting or exercise.

TWO GOOD REMEDIES

WORKING TOGETHER, PRODUCE MARVELOUS RESULTS.

For instance, Hood's Sarsaparilla, the standard blood-purifier, is recommended for conditions that are scrofulous or dependent on impure blood. Pepsin Pills, the new iron tonic, are especially recommended for conditions that are radically or constitutionally anemic and nervous. Many persons suffer from a combination of these conditions. Hood's Sarsaparilla (before meals) and Pepsin Pills (after meals) are reasonably sure to give fourfold benefit. These two great medicines supplement each other, and the use of both, even in cases where only one may appear to be needed, is of great advantage. Get them from your druggist—adv.

An Army of Internal Bathers

Over half a million bright, keen, up-to-date Americans have found that internal bathing is more essential to their well-being than external baths. Have found that taken occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous condition—no more of that "backache" and "stomach trouble." These two great medicines supplement each other, and the use of both, even in cases where only one may appear to be needed, is of great advantage. Get them from your druggist—adv.

Baby's Face Disfigured With Eczema Scales. Itched and She Would Scratch. Spread Over Side of Face. Cuticura Healed in Four Weeks.

Above are extracts from a signed statement recently received from Mrs. C. E. Outland, 351 Leggett Avenue, Barnesville, Ohio.

If Cuticura did no more than soothe and heal eczema, rashes, itching and burnings, bringing speedy comfort to tortured, disfigured men, women and children, it would be entitled to the highest praise. But it does more. By using the Soap exclusively for toilet purposes, allowing no other soap to touch your skin, with touches of Cuticura Ointment now and then to soothe and heal the first sign of skin troubles, you will in many cases prevent these distressing experiences. It is always a pleasure, not an effort, to use them, they are so pure and delicate.

The Scarlet Fever.
This morning an unusual volley of complaints was received concerning scarlet fever in the city—several mothers voicing the thought that schools have not been properly fumigated, also it is said that whereas the state law concerning scarlet fever quarantine calls for a period of five weeks, that in Aurora this has been cut in half, and that this breaking of the usual quarantine has led to a spread of the trouble.

With an idea of tracing the matter to the fountain head, a question was asked by telephone of the health officer, George B. Schwabach, the doctor states that whereas it is true that the scarlet fever state quarantine law covers five weeks, physicians all over the state have been directed by the state board to cut down this period this year because of the mild run of fever in practically all cases—many children proving to be ill but a few days at most. The doctor was emphatic in his contention that the contagion is not so much from the children as from the fever, as that many of the cases have been so extremely mild that the victims have been about before it was known they were ill. Then, too, not only is this early period the time they are particularly likely to spread the disease, but many cases have been shielded by their own people who have failed to report, and have even denied the existence of scarlet fever. People are urged to report cases immediately, and the doctor also adds that at the close of the present vacation (which should check the epidemic) if the fever is found to be spreading, the full five week quarantine period will be insisted upon, and not only that, but those who do not obey the quarantine regulations are to answer for violating the same.

All schools which have been afflicted with scarlet fever are to be fumigated during this present week. It does seem that any law abiding citizen would obey the laws of his state even the Christian Scientists, who ordinarily dispense with the services of physicians, are said to be punctilious in their observance of laws covering contagious diseases.

New Pastor Has a Family.
Dr. Frank G. Beardsley, of the First Congregational church, of Keokuk, Iowa, who has been extended a call by the First Congregational church of this city, is the father of seven children, and this should give to the affairs at the First church a strong atmosphere of youth. It is said one son graduates this June from Knox college, and that a daughter graduates from high school this year. It is also said that Dr. Beardsley is a charming man—far too youthful in appearance to be the father of seven youngsters.

The call extended to Dr. Beardsley was unanimous, following his visit to Aurora something like three weeks ago.

Woman's Club.
Little by little the names of those rumored to be slated for Woman's club official positions are whispered about. Mrs. E. S. Hobbs as president is most pleasing to everybody. Mrs. T. E. Walters and Mrs. D. B. Pierson are those who are said to be upon the ticket for first and second vice president, with Mrs. Earl Van Buskirk as recording secretary. Mrs. E. C. Pratt and Mrs. J. K. Newhall are up for re-election as treasurer and corresponding secretary respectively.

Chevron Club.
A meeting of the Chevron club was held yesterday with Mrs. Peter

Younis, who was assisted by Mrs. Otto Filly. The guests of the club were: Mrs. Charles Chaffee, Mrs. Thomas Sweet, Miss Harriet Hoffman, Mrs. David Richmond, Miss Katherine Zach and Mrs. George Warner. The scores were made by Mrs. Williams Fowler and Mrs. Chaffee. Luncheon was served. The next meeting will be held with Mrs. John Poul, who will be assisted by Mrs. Roy Green.

Brazil Praises Wilson
(By Associated Press Leased Wire.)
Rio Janeiro, April 5.—The Gazeta de Noticias says that President Wilson for the honor of all free nations has affirmed that "right is more precious than peace and has traced a line of conduct for all the democracies on the continent. The paper says Germany has proclaimed war against all the world and that if the president of the great American republic had not accepted the challenge he would have given to the world a spectacle of the greatest cowardice and the most shameful moral decadence."

The Journal do Commercio says that President Wilson's speech is a "monument which will remain as a milestone in the evolution of the world."

The military critic of the Journal do Commercio says:
"President Wilson wishes to enter the war for the sake of humanity and the crushing of Prussian militarism, not of Germany. It is this idealistic attitude which constitutes a new factor in history."

Chicago Labor
(By Associated Press Leased Wire.)
Chicago, April 5.—The Chicago Federation of Labor, thru its executive committee, has declared against war and sent a telegram to President Wilson declaring the belief that the common people do not want war and would vote against it if given the opportunity.

What Illinois Residents Say

MRS. PEARL CORREIA, of 529 North 6th St., East St. Louis, Ill., says: "I can say that Dr. Pierce's Golden Medical Discovery has been used by our family for three generations. My grandmother used it when living in the country near here. Mother used it for a run-down condition and cough, and it strengthened her and built her up after she was exhausted from waiting on the sick. FINE EASTER PROGRAM FOR LELAND CHURCH

Leland, Ill., April 5.—The literary committee of the Epiphany guild of the Methodist Episcopal church has been at work for several weeks past on a cantata, "Memories of Easter," which had been intended for Thursday evening, but it has been decided to give the program on Easter Sunday evening at 7:30. The program is as follows:

Chorus by choir, "Easter Memories."
Bass solo, "A Ransom for Many."
Chorus by choir, "Blessed Be the King."

Tenor and alto solos and choruses by women and choir, "Gethsemane." Contralto solo, "Christ Betrayed." Tenor solo and chorus, "The Trial." Chorus by choir and bass solo, "The Immortal Sacrifice."

Chorus by women, "The Weary Night." Chorus by choir, "The Story of the Resurrection." Chorus and choir by choir, "Christ Is Risen."

Chorus by choir, "Teach All Nations." Final chorus by choir, "Hail the Prince of Life."

The following are the singers who have kindly consented to assist in the cantata: Mesdames A. N. Anderson, C. R. Decker, Amelia Harsted, J. R. Miller, Ralph Pierce, Charles Robinson, H. R. Thompson, F. O. Watson, W. R. Wilson, and the Misses Jennie Kinne and Martha Valder; also J. C. Davis, C. R. Decker, Fred Erickson and O. A. Moulton. Mrs. Estelle Pitzer will preside at the piano and Burton C. Erickson at the organ. The cantata is given under the direction of C. R. Decker.

At the Sunday Methodist Episcopal church a story and song entitled, "Love Triumphant," will be rendered by the church choir Sunday afternoon at 2:30.

The Jude Johnson home is not unlike our well known government. War has not been declared in the Johnson home, but a state of war exists there.

"INTOLERANCE" TO SHOW HERE

Vast and Picturesque Spectacle With Mighty Armies of Other Days as Actors.

WAR AT BABYLON'S WALLS

One cannot watch the unfolding of the thrilling and realistic French and Babylonian scenes in "Intolerance," the D. W. Griffith spectacle which comes to the Fox theater April 12, 13 and 14, with matinee Friday and Saturday, without having impressed on one's consciousness the hazards taken by the multitude of players who participated in the immense battle scenes. Mr. Griffith's ancient warfare, employing as it does liquid fire, flaming engines, catapults that throw rocks 50 pounds and more in weight, mighty cross-bows that discharge arrows 20 feet in length, battering rams, and pair horse chariots that dash madly among throngs of war-armed men, offers untold opportunity for countless accidents as well as sudden deaths. Much of the savage conflict in "Intolerance" was waged on the parapets and towers of Babylon's mighty walls 200 feet and more from the ground. The attacking army of Cyrus is shown attempting to enter the city by means of moving siege towers over a hundred feet in height. Belshazzar's defending forces atop the walls are seen overturning these huge structures which crash, with their complement of fighting men, and men on scaling ladders to the earth.

An war, particularly semi-barbaric hand to hand fighting, is anything but a garden party affair the dangers that constantly menaced actors, camera men, and even director of "Intolerance," can easily be appreciated. To care for possible accidents, Mr. Griffith gave his warriors the benefit of what their ancient prototypes never had of a modern field hospital, with surgeons, nurses, stretchers and ambulances. You can't see this hospital in the spectacle but it was there and the cost of its maintenance was one of the items that bulked large with the construction expenditures.

HE CLAIMS GIRL-BRIDE FEARED PEOPLE'S JIBES

Edna Farrington-Congrave, whose marriage at 16 years to the late Congrave, age 31, has been attacked, was forced by her parents to marry Congrave, Henry Galt of Elgin testified before Master in Chancery Charles Morrison of the United States district court in Chicago.

Galt testified that he lived at the Farrington home and that he overheard an argument between Mr. and Mrs. Farrington and Edna in which Edna's parents told her she must marry Luther Congrave. Edna rebelled against the plan, he said, saying: "People will laugh at me if I marry him."

Galt said that Mrs. Congrave's parents replied: "You must marry him or get out and make your own way. By marrying him you can make it so we all will have a home when we become old."

ANNUAL Y. M. C. A. MEETING APRIL 10

The annual election of the Y. M. C. A. is to be held in the association building, April 10. Seven members of the board of directors are to be elected for three year terms and one to fill a vacancy. The members' annual meeting will be held the evening of the tenth at 8 o'clock. The ballot boxes will be open from 10 a. m. to 8 p. m. for members to deposit their ballot.

The final monthly meeting of the board of directors will be held Monday evening, April 9. There will be a dinner for the board at 6:30 and the meeting will follow the meal.

In addition to the election of officers the annual reports of the association will be given at the meeting Tuesday night.

The members of the board whose terms expire are: Capt. C. F. Harkinson, S. E. Duncan, W. H. Fitch, M. D. Jones, W. W. Stephens, and M. C. Chapman. The term of Dr. R. S. Denney, deceased, also expired this year. The two year term to fill a vacancy was occupied by the resignation of Ernest Erickson, who is to leave the city shortly.

DANGER OF SCARLET FEVER EPIDEMIC PASSES

Although there are now 45 Aurora homes under quarantine because of scarlet fever, there is no danger of a serious epidemic, Dr. George B. Schwachtgen, city health commissioner, said today. Most of the schools have been quarantined and the children will be in no danger when they return to school next Monday.

"There is no danger that we are going to have a serious epidemic," Dr. Schwachtgen said, "and I want to assure the parents of school children that they are in no danger. We have the situation well in hand and most of the cases are mild."

Following is the number of cases under quarantine in the various schools: Young, 5; Brady, 3; Oak street, 3; Greenman, 2; Oak Park, 1; Illinois avenue, 1; Marion avenue, 1; Center, 1; East High school, 1; West High school, 2; Sacred Heart, 2; St. Joseph, 1; St. Mary's, 1; St. Nicholas, 1; St. Paul, 7. In addition to these there are 13 homes quarantined in which there are no school children.

BRACKETT-ARCHER

Miss Frances Archer, daughter of Mr. and Mrs. Frank B. Archer of 440 Fourth avenue, and Wylie W. Brackett were married yesterday afternoon at 2 o'clock at the Marion Avenue Baptist church by the Rev. Henry Clay Miller. A number of the immediate relatives witnessed the marriage service, the double ring ceremony being used. They were attended by the bride's sister and husband, Mr. and Mrs. Paul M. Hippe. The bride wore a tailored suit of blue with hat to match and carried a shower bouquet of white roses.

LONDON AMERICANS MEET

(By Associated Press London Wire.) London, April 5.—A meeting of American residents of those colonies in London was held in Queen's hall to endorse the action of President Wilson and the American senate in declaring that a state of war exists between the United States and Germany.

Oscar H. Baldwin, president of the American society, presided and moved a resolution approving the action.

FEAST OF PASSOVER TOMORROW EVENING

Jewish Feast of Unleavened Bread Begins at Sunset Friday Night, Lasting 7 Days.

Commemorates Chiefly the Deliverance of the Children of Israel From Egyptian Slavery.

Passover, or the Feast of Unleavened Bread, begins this year Friday evening, April 6, at sunset, and continues for seven days. Orthodox Jews observe it for eight days, that is, until sunset Saturday, April 14. The feast commemorates chiefly the

deliverance of the Children of Israel from their slavery to the Egyptians, and so much of the ceremonial and ritual of Passover is intended to be reminiscent of the events and circumstances of that ancient deliverance. Thus in the temple at Jerusalem, Paschal lambs were sacrificed to remind the people of the lamb sacrificed by their ancestors at the command of Moses before they departed from Egypt; because the Children of Israel in their haste to leave the land of bondage did not have time to permit their bread to leaven, it is the law to this very day, that during the entire Feast of Passover, nothing but unleavened bread (Matzo) may be eaten. On the seventh day of the feast the scriptural portion read in the synagogue is the song of triumph sung by the people at the Red sea, because this day is considered to be the anniversary of the dividing of the Red sea.

The characteristic feature of the feast in the ceremonial meal, called the Seder, conducted on the evening of the first day. The ceremony endeavors to recall the events of the deliverance of old. Thus bitter herbs are eaten to indicate how bitter were the lives of the slaves in Egypt. A lamb bone is kept on the table to recall the Paschal lamb offered in Egypt and in the temple. A paste-like compound of nuts and fruits called "Haroseth" is eaten; this is considered to be a reminder of the mortar used in building the treasure cities for Pharaoh. Four cups of wine are drunk, because four were the expressions of redemption used in the Exodus episode. And as it is obligatory to tell the story of the Exodus every year, the youngest son of the household asks four sets of questions as to the nature of the feast, and the father answers telling

the story of Deliverance from Egypt.

In Palestine Passover also commemorates the ripening of the barley, the earliest crop, and so marks the close of the winter. Thus the general message of the feast is freedom, the freedom of nature from the thrall of winter, and the freedom of Israel from bondage.

CUTTING OUT WAR GRAFT.

Unpleasant memories of previous wars in the United States are to be kept in the tomb of the past if present day leaders on both sides have their way.

Rotten hard tack, embalmed beef, powderless shells, moth-eaten uniforms, etc., sold to and paid for by the government at enormous profits to the dealers and manufacturers are not to rise up after peace has been declared.

Chairmen of committees of the Chamber of Commerce of the United States are in Washington working with the council of national defense.

These committees were appointed to co-operate with the army quartermasters in the purchase and delivery of supplies. The chairmen will represent every section of the country.

The committeemen are working on the plan of allowing the manufacturers a fair profit because the interest on industrial bonds must be paid and those who hold these stocks must not be deprived of their income. They say that a small guaranteed profit would provide for this and would eliminate stock market speculation.

The American committee on war finance, which is an outgrowth of the pacifist movement, would go a step further.

In addition to limiting the net profit to 3 1/2 per cent on war supplies or war services, including transportation, they would require every wholesaler and every retailer to sell food or other basic necessities of life at a profit not to exceed 6 per cent and would put in jail any individual or firm that would refuse to give correct figures or that would furnish the government with defective war supplies.

The committee would also tax all incomes from \$5,000 to \$10,000 at 2 1/2 per cent and all incomes over \$10,000 on a sliding scale beginning at 10 per cent and rising until no individual would retain a net annual income over \$100,000 a year.

The appeal reads: "Let us make this a cash war, a pay-as-you-enter war. Let all loyal citizens who have incomes above their immediate necessities volunteer their wealth."

SPRINGFIELD'S FLOP.

A large flagstaff was erected by the voters of Springfield Tuesday from which banners are flying reading, "Fair and Warner," or "Stormy and Colder," depending entirely upon the point of view.

On that day a considerable majority voted to abolish saloons from the state capital. Wisconsin's capital followed suit by removing them from Madison.

The victory at Springfield is considered by the dregs to be significant of the changing attitude of the people toward the dramshop business.

Springfield is now the largest city in the state to be dry, Rockford having held the palm before.

SMALL WONDER.

The other day a large manufacturing concern in the east addressed curt letters to some of its traveling representatives in the west, informing them that their services were no longer desired, altho assuring them that their work had been entirely satisfactory.

Men who had been with the company, 10, 15, and 20 years were "fired" without warning.

And then some manufacturers wonder why we have labor unions.

GOING UP!

Knox county's cows have not quite jumped over the moon but their owners will when they come to pay taxes next year.

The township assessors held a convention at the courthouse the other day and voted to assess cows at \$50 a head instead of \$35, three year old steers at \$60 instead of \$50, feeding cattle at \$6 a hundred weight instead of \$5, to boost sheep from \$3 to \$6, and pigs from \$5 to \$7. Horses alone remained stationary.

Along with the animals grain was moved up. Wheat jumped from 50 cents a bushel in valuation to \$1, rye from 35 cents to 60 cents, corn from 25 cents to 50 cents and oats from 20 to 30 cents. Hay was reduced from \$5 to \$4 a ton.

This is the first change in animal and grain values in that county in many years.

SIMON PURE PATRIOTISM.

Vermont has been known as "The Green Mountain State," the "Granite State," and by some other titles. Now it has won the right to a new one.

Altho a small state and having only 360,000 population the governor has asked the legislature to appropriate a million dollars for defense.

"We have always done more than our share, you know," commented the governor in his appeal.

That is true. Beginning with the early days of the American revolution and down thru all the wars we have ever had, Vermont has been at the front in furnishing money and troops.

Patriotism is Simon pure in Vermont.

TRAINED MEN FOR WORK.

Following the lead of many large industrial organizations in establishing relief and pension departments, the Norfolk & Western Railroad company of which L. B. Johnson, formerly of Aurora, is president, will put on such a system commencing next July.

Pensions are to be given to all employees when they reach the age of 70 years and for those between 65 and 69 who have been in the company's service 25 years. Any one in the company's employ 20 years who

YOUR HEALTH

(By JOHN E. HUBER, A.M., M.D.)

Nature is not conquered except by obedience.

Doctors call a rupture a hernia—a protrusion thru the walls of any of the cavities of the body, generally of the abdomen, by reason of obesity, constipation or blows on the abdomen, or a fall or straining at exercise, or lifting heavy weights. Hernias are three times as frequent among men as among women. In one-fourth of the cases the parietal have had rupture. Thru the openings thus made portions of retained organs or of intestines may protrude. The sufferer experiences a swelling which is apt to disappear on lying down or on pressure with the fingers and is made more pronounced by coughing; it may sound like a drum on percussion and if it is an intestinal hernia, surges when it is reduced—that is when its contents are returned to the intestinal cavity.

Nine-tenths of all the hernias are in the region of the groin. And when these hernias are strangulated (so that the blood current is shut off from the bowel), the case is acute, very painful, very dangerous, necessitating surgical action within 24 hours. There is also great prostration, vomiting, feeble pulse, and reason for fear collapse. Until the doctor comes the best thing to do is to elevate the sufferer's hips and depress his head, to make applications of towels wrung out in hot water and to try by gentle pressure to reduce the swelling, that is to get the intestine back thru the rupture. After 24 hours—a incarcerated intestine is apt to become gangrenous—a most serious condition.

Then there is umbilical hernia, especially in women who have borne children. Also there is hernia in the newborn children at the navel. Until the doctor can see such a hernia in an infant the best thing to do is to fold a silver dollar in a belly-band, and thus bind tightly the infant's abdomen.

By far the best thing for most hernia sufferers is operation. That is much better than trusses and like appliances. One can never be sure a slight hernia may not, on a sudden strain, rip past a truss and become a strangulated one, with perhaps fatal results. Operations need now occasion no fear—except in the presence of advanced heart disease, or advanced tuberculosis or some other organic disease, or in very fat people, or those in advanced life. Fifty per cent of ruptures in infants—under one year, however, recovered completely by the wearing of a proper truss, which must be worn two years.

QUESTIONS AND ANSWERS.

Salt Water to the Eye.

Is it well to apply salt water to the inside of the eyelid?

Answer—No. Put a teaspoonful of boracic acid into a pint of water that has been boiled; that makes the right eye wash.

A Bunson.

Can an enlarged bunch of several years standing be reduced?

Answer—Only by operation. This can be done under cocaine; then it won't hurt. I advise it strongly. This bunch is a bony, not a skin growth, such as a chilblain. Gall Stones.

Is it possible to cure chronic infection of the gall bladder without an operation? I have had an X-ray taken which reveals no gall stones. Would a special diet cure?

Answer—Yes. It would help. It would take up too much space for me to give here such a list. You should send me your name and address. I would then mail you such a list, with other pertinent information.

EVENING CHIT-CHAT

(By RUTH CAMERON)

If you knew that if you let yourself be mean or selfish or sensual or grasping or unamiable, you would have to wear a sign in big letters, branding you as such, don't you think it would make you a little more careful of your character?

Well, to many folks, the people who deserve it do wear just such a sign.

Four of us sat opposite a couple on the trolley the other day. I saw each one of my companions give them a swift glance. When we got off the car, someone said: "Too bad that nice-looking young man should have a girl like that!"

Her face beamed with meanness.

"Yes," said another, "her whole face simply, reeked with meanness."

"I don't think I ever saw so many mean lines in so young a face," said the third.

Evidently to those three people (and to me) that girl was as plainly tagged as if she had worn a sign about her neck.

"When sin is in the soul," someone has said, "it leaps out upon the face."

And that doesn't mean just big sins like murder and adultery; it means any and every sin.

How many people one knows whose sour souls have leaped out on their faces and written discontent there in big, ugly letters!

"Discontent" was written on his face.

When I shut my eyes and recall to mind a man whom I have not seen for years, two things leap out at me—the ugly lines from nose to mouth and those between the eyes. Both testify to his miserable dissatisfaction with life.

Fraternities suit crows' feet all over a face far more surely than age ever will.

Sensuality, however well-hidden the possessor thinks it to be, will carve deep and unmistakable lines on his face.

Unbridled selfishness will eventually make the loveliest face mean and ugly.

Are You Willing to Be Marked?

Most of us have unthoughtful expressions now and then. It is only when the unthoughtful is the habitual trend of our souls that it marks itself permanently on the face.

Of course, the converse is true, and a sweet face is one of the rewards of a beautiful life.

Are you willing to have your character carved on your face?

THE SEARCHLIGHT

A new eye-lighting patent for the use of sub-marine divers. It is well-known that the human eye does not function properly under water, objects appearing badly blurred and distorted. This is due to the fact that the speed of light in water is different from the speed of light in air, and hence the light-rays enter the eye with a different angle of refraction. The eye, being designed for focusing rays coming thru the air, is unable to focus rays coming thru the water. The condition is analogous to that of defective eyes which are unable to focus properly ordinary light-rays in the air. It may be similarly corrected by the use of special lenses, with the help of which the diver can see as clearly under water as in the air.

WIN OF POSSIBLE FLOOD IN FOX RIVER

nois Rivers and Lakes Commission Reports Probability of Much Damage This Spring.

any Encroachments and Long Intervals Between High Waters Encourage False Security.

Springfield, Ill., April 3.—A flood, caused by the encroachments in the channel of the Fox river, is outlined to be due in Kane county cities within the near future and will be the worst that territory has ever witnessed. The Illinois state river and lakes commission states the following in regard to the existing circumstances:

The results of encroachments on the banks and into the channel of the Fox river are twofold; such encroachments are generally occupation of public property and they constitute a restriction of the stream area that in times of floods may lead to a damming up of water, overflow of adjacent territory, and consequent damage and possible loss of life. This overflow of the banks may not occur at the point of obstruction, due to the banks having been raised at that point, but the high water produced by the obstruction may overflow at other points where the banks remain nearly at their natural height, with the result that the damage will be done to innocent parties. In any case, whether the offender himself suffers or not, others are sure to be involved as a result of his actions. Such acts are a menace to public safety and as such must be prevented.

Warfare for Aurora. The fact that great floods generally occur at long separated intervals leads the citizens to feel secure, and the desire for additional area urges them to fill in more and more and encroach on the river channel. During the long interval generally existing between great floods this flood channel may become overgrown and all evidence that it was submerged will have disappeared except from the memory of the old residents. Additional filling is made, structures are erected where the flood waters once flowed, until another period of heavy precipitation and extraordinary runoff produces another great flood. The construction in the flood channel acts as a dam to increase the height of the water and to deepen a great area. Property is destroyed, bridges are washed out, transportation lines are crippled, lives are lost and the whole population of the river valley pays heavily for the carelessness and short-sightedness of a few owners of river bank property. The memory of the recent great floods in the Ohio river basin is an urgent warning to all who live along the Fox river that unless free passage for the flood waters is secured, all residents of the Fox river valley may be forced to pay for the faults of a few.

Public opinion is the strongest factor in our government, and when the entire population of a river valley appreciates the importance of keeping an open flood channel, the efforts of the river and lakes commission to prevent further encroachments and remove the existing obstructions in the river channel will be backed strongly by public opinion, and this important phase of their work will be immensely facilitated.

Encourage River Improvement. The bill which would provide for the improvement of Fox river and to remedy the evils of projections and encroachments as well as to prevent pollution is now pending action in the legislature and will probably be considered this week.

L. K. Sherman, one of the three commissioners of the rivers and lakes commission, states: "Improvement of Fox river as a public parkway and for use of motor boats, etc., has been investigated and is highly endorsed by the commission."

For the improvement of the Fox river, which is intended by the passage of the bill, would aid Aurora greatly, almost in every respect. It would magnetize summer resorts and will cost thousands of dollars as the banks have been neglected for many years and pollution has even caused the contamination of the ice taken from the river.

The members of the legislature are fully aware of the circumstances at Aurora and other cities on the Fox river and that the bill will easily pass. Mr. Ellis introduced the bill.

THINK U. S. MAY ENTER EUROPEAN WAR TOO LATE

(By Associated Press Leased Wire.) Berlin, April 5, via London.—The Vienna News, via Prague, declares that America has decided upon war because it was unable any longer to deliver its supplies to the allies. The Vienna correspondent says: "We must not appraise too lightly the addition of a rich and powerful industrial republic to the list of our enemies but if the submarines maintain their so far great success President Wilson will have come too late, as Salandra and Briatore came too late."

Ziegler and Bride to Get \$8,485,016

William Ziegler, Jr., adopted son of the late William Ziegler, baking powder millionaire, will receive \$8,485,016 in the near future, to add to the inherited millions he already has. Young Ziegler is one of the several very youthful millionaires of New York city, who married soon after coming into vast fortunes, among these being Vincent Astor.

By the terms of Mr. Ziegler's will the son inherited in 1905 properties then worth \$11,342,734. This amount with the income was held in trust for him during his minority. When he was 21, \$4,801,232 had accumulated in income and was paid over to him. The principal also was increased in value, but this was held in trust, one-fourth of it to be paid when he was 25 years old. Mr. Ziegler was 25 years old July 21 of this year. The trustees are about to pay to him the one-fourth of the principal due. The remaining three-fourths will be paid in equal installments to him when 30, 35 and 40 years old.

SEED PRICES BOOSTED

(By Associated Press Leased Wire.) New York, April 4.—An increase of from 25 to 200 per cent in the price of seeds over last year is attributed by seed merchants here largely to the sudden popularity of suburban gardening. The opinion was expressed here that reserve stocks would be sufficient to prevent any serious shortage.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis they can read even fine print without glasses. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription, and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see thing without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seemed clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced severe headaches. I have worn glasses for several years both for distance and work and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now which for several years have looked like a dim green blur to me. I can not express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid, bathe the eyes four to five times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes become sore, even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: Another prominent Pharian, to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. In my own practice I have known to eminent eye specialists and widely prescribed by them. I have used it very successfully for a long time. I have known eyes strained through overwork or mist glasses. I can highly recommend it in case of eye strain, itching, burning, itching, burning eyes, red lids, blurred vision, or eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any drugstore and is sold in this city by The Harrison Pharmacy and other druggists.

DELINQUENT TAX SHOWS INCREASE

Margin Not Great, However, When the Total Tax to Be Collected Is Considered.

Taxes for the Whole County for All Purposes Almost \$2,000,000 This Year.

A report issued by County Treasurer Goodell shows that \$315,367.59 in delinquent taxes is to be collected. The total tax in the county was \$1,991,236.46.

The delinquent tax last year was \$269,320.99, and the total tax \$1,801,242.22. The delinquent taxes by towns for the years 1916 and 1915 were: Aurora—(1916) \$144,798.71; (1915) \$124,123.97. Elgin—(1916) \$105,107.21; (1915) \$104,975.05. Batavia—(1916) \$16,192.27; (1915) \$12,154.14. Big Rock—(1916) \$249.93; (1915) \$12,154.14. Blackberry—(1916) \$1,253.79; (1915) \$1,255.49. Burlington—(1916) \$741.73; (1915) \$872.45.

The taxes are levied one year and collected the next. Thus the 1916 taxes are the taxes paid this year.

DENY PEACE RUMORS

(By Associated Press Leased Wire.)

Amsterdam, via London, April 5.—A Berlin dispatch to the Koenigsche Zeitung says that the rumors of a new peace offer by the central powers which have arisen following the meeting of Emperor William and Emperor Charles and Count Cernin's statement are incorrect. The dispatch says, however, that the principle, repeatedly officially stated, of the readiness of the central powers to enter negotiations for "an honorable peace" is unchanged.

A LIBERAL OFFER OF INSURANCE

To All Users of "Perry" Auto Locks

To users of "Perry" auto locks we offer a special insurance rate on their theft policies, where they desire to carry this as well as install the lock. It is our conviction that where the car is "Perry" locked no further insurance is necessary, but for those desiring it we will furnish a Standard Conference Policy at 15 per cent below the regular premium rate.

This will allow the "Perry" Lock Steering Wheel to pay for itself in a short time and after it has paid for itself, it will continue to be a source of revenue as "A dollar saved is a dollar made." For instance, a policy for \$1,500.00, covering theft and fire would cost at a 3 per cent rate, \$45.00; we allow 15 per cent deduction from this, which is \$6.75, therefore in a little over two years the wheel will pay for itself and you can still continue to carry a theft and fire policy.

The "Perry" lock is recommended by Insurance Companies, Board of Underwriters, Underwriters' Laboratories. It does not conflict with Fire or Police Regulations.

Sapulpa Giant Wins From Fred Fulton on Foul and Is Offered Title Match.

HEAVIES IN HARD BATTLE

New York, April 5.—Gutham boxing fans are today clamoring for a match between Jess Willard, heavyweight champion, and Carl Morris, who was from Fred Fulton last night on a foul, Tom Jones, Willard's manager, says the champion will have to "see the count" before he will fight Morris.

Morris was on a foul in the middle of the fifth round. To spectators it looked like a deliberate blow, one delivered to save the Minnesota plater from losing a battle in which he was outgamed from the very start.

Up to the time the wallop was delivered Morris had a shade the best of the milking. True, he did not land as many clean blows as the Minnesota, but he did all the leading and all the forcing and made the scrap what it was—one of the most exciting affairs local boys have seen in years.

Carl Something Different.

Fulton, who has the better wallop and is a far better scholar in the game of hitting, was not in the ring in the very first round that he had no Tom Fowler or Charlie Welter to face, and he knew it even better as the fight progressed.

Willard, who was on a foul, wanted him to stand up and fight punches. Instead, the Sapulpa giant, at close to Fred, taking a bad body beating at times, but never flinching, and as Fred tried from his own quarters Carl would take the aggressive and return the compliment.

Morris proved no parlor fighter. He fought Fred in the second and in the fifth round the fight, spitting Fulton's mouth. Fred appealed to the referee, and Brown cautioned Morris. This only served to arouse Carl and he forced Fulton all around the ring.

Carl, who was on a foul, was on a foul, and then a third that landed in Morris' groin.

Morris sank to the floor, writhing in agony. Referee Brown immediately announced Carl the winner. The round had gone one minute and 45 seconds. The weights were, Morris, 225 lb., Fulton, 218 lb.

NEW MANAGERS

[By Associated Press Leased Wire.]

Omaha, April 5.—Four clubs of the Western league, Des Moines, Sioux City, Wichita, and Joplin, have new managers this season. Of the four, however, only two are inexperienced in managing Western league clubs and only one is new to the league.

Jack Coffey, who will pilot the Des Moines entry, succeeds Frank Labell who this year will manage the Wichita team. Coffey was formerly manager and shortstop at Denver. Ed Holly, who will manage Sioux City, is a newcomer to the league, being formerly with Memphis in the Southern league. Jack Dalton, who will manage Joplin, is a former Western league player, being with Des Moines before he went to the majors, later pumping to the Federal league. He played on the Pacific coast last year.

Five of this year's leaders are player-managers. Marty King of Omaha, Coffey of Des Moines and Holly of Sioux City are holders; King of Joplin and "Buck" Holmes of Lincoln. Jack Holland of St. Joseph and Frank Isbell of Wichita will manage their teams from the bench.

Sport Gossip

(By GRANTLAND RICE)

On Being Ready.

The man who is there with the wallop and punch, who is trained to the minute, may well be around when the trouble begins.

But you seldom will find he is, in it. For they let him alone when they know he is there. For any set part in the ramble, to pick on the guy who is shrinking and put.

And not quite attuned to the scramble. The one who is there for whatever they start.

As rarely expected to prove it. They pass him along for the next shot in sight.

Where they take a full wind-up and grove it. For who wants to pick on a bulldog or such.

Where a quivering puddle in hand. When he knows he can win with a kick or a brick.

With no further trouble to bandy? It has been remarked before that "war is hell." In which respect war has very little on other details of this existence.

Where the break is well away from the varieties of Gehenna as anything else, given a proper opening.

"The Days of Real Sport."

J. Honus is now in his forty-fourth year. He is golfers bewhiskered and white.

But the greatest old sport, and the one who is dear.

To me, I observed Sunday night. While visiting home, I was looking for beer.

And I found, by the cellar's dim light. That father, who's been past his sixtieth year.

Was making another kite. Sleepy Steve.

Baseball and War.

Some one, it may have been us, has opened a discussion as to what effect war would have upon baseball interests in these U. S. of A.

The affirmative and the negative here each have good arguments. War, new interest would, of course, far overshadow any sporting news or sporting interest, and in that way have a depressing effect.

On the other side of the hill, the population in times of gloom and depression has always seemed to crave some diversion to break the monotony of constant anxiety.

As proof of this statement, Toronto and Montreal last season in the International league had very good seasons, despite the fact that Canada has been head high into this war since the start.

Sport in times of war is nothing like an important matter as it is in time of peace. But it still has its uses as a diversion—as a section of the program that is least in lighter vein. For that reason, sport will not be shelved by any means. No nation, even in war times, is going into sackcloth and ashes unless it is being crushed or pressed to the limit.

Those not actually engaged will still stick to old habits of diversion, just as one in time of trouble craves tobacco more than at any other period of his life.

For Bell Players.

The best move the ball player and the club owner could possibly make would be to follow out the American league idea of military training advanced by Capt. T. L. Huston.

In case a call for enlistment was made, the country at large would look upon baseball with far greater favor if every league was also a military training camp, where the players were drilling in the forenoon and rounding out their schedule in the afternoon.

This move would not only be a boost for patriotism, but, looked upon in the more arid, commercial way, would add greatly to the player's interest.

Otherwise, more than a few citizens will be asking why a lot of husky young athletes are hanging back if the call should come. And if this query assumed the form of general resentment, the attendance would soon fall away. But 10,000 ball players in all leagues getting ready for any needed military duty would not only be a big boost for general training; it would also be a big boost for baseball.

The Duffer's Viewpoint.

I'll take my chance with a submarine. But I hate to put on a tricky green; I'll risk my drink where the bullets fly. But take me away from a cuppy lie.

Second Places in Singles and Doubles at Wheaton Fall to Aurora Pin Men Last Night.

JOHN BRAUN LANDS 648

John Braun with a 648 count rolled into second place in the singles of the Wheaton tournament last night and Schipplie and Bloomquist went into second place in the singles with an 1121 count. The men were bowling with the Wheaton team that stopped at 448 in the first round. The team got away to a great start with a 912 game, when "Smoker" Webster rolled 275. The best they could back it up 671 was 318 and they stopped at 477 in the final game. Webster had 588 for high and Schipplie was just an even 20 pin behind.

In the two-man event Schipplie and Bloomquist started with a 370 count and backed it up with 373, hard luck on the part of Schipplie kept the team down at this game as Bloomquist went big for a 216 count. In the last game they landed 346 for 1114 and second place. Bloomquist had 922 pins for the three games.

In the singles Braun had three double century counts, the big 236 falling in the middle game. His 648 landed him easily in second place, 14 pins ahead of Everett Beckwith of Aurora and about as much behind the first leader in this event. The scores of the men:

OLD-TIME STARS GOOD AS THE PLAYERS OF TODAY

[By Associated Press Leased Wire.]

Cincinnati, Ohio, April 5.—Present day stars of the major leagues are no better performers than the stars of the older days, in the opinion of Jimmy McAtee, the veteran manager.

"We have some great players now, but I can't see where the best of them have anything on the boys of long ago," he said.

"Show me, in any club, the equal of Buck Ewing—a catcher who could do everything that Schalk and such top-liners do today, and who could beat the ball to death year after year. Show me the equal of Jimmy Collins on third base. I think he was the greatest third baseman that ever lived. Balls that bound badly bother all third basemen now, and used to bother all but Collins—he bounded with the ball."

"Where are the shortstops now that can both field and hit like Jennings, Lang, and Dalton? Where are the basemen better than McPherson or Pfeffer? Or anybody who could punt like Brown or Keeler, or hit the old ball as hard as Delehanty?"

JOHNNY EVERS NOT TO QUIT BASEBALL

Captain of the Boston Braves Is Runnerup to Honus Wagner of the Pirates.

[By Associated Press Leased Wire.]

Chicago, April 5.—Rumors that Johnny Evers was anxious to quit the game were set at rest recently when Johnny declared it was his ambition to play ball long enough to be the oldest player in point of service in the league. Evers said that since Mathewson has retired from the active ranks and become a bench warmer, Honus Wagner is the holder of the service record, with Evers the runner-up.

"I have seen all the men except Wagner who were in the league when I broke in from active service. One by one they have gone, and Wagner cannot go on forever."

Evers told an interesting story of the troubles he had "breaking in" the "big show." He weighed 103 pounds. Several of the baseball writers remarked that it was a shame to allow so frail a boy to play. Evers played his best ball when he weighed about 115 pounds, and was a member of the Cub team.

"I started playing with the Cubs in 1907," Evers said. "We were in Pittsburgh and had to jump back to Chicago for a Sunday game. Our first baseman was injured and Frank Chance, who was catching was sent to first. Frank didn't care much about playing that day. Before the game got far along, the catcher who took Chance's place was hurt and Chance went behind the plate again. Robert Lowe, who was our regular second baseman, was ordered to cover the initial catch."

"I was new at the game and Phillip, who was pitching for the Pirates did not know how to pitch to me. As a result I made three hits and drove in a couple of runs. The play which I think attracted the attention of our manager was pulled on Wagner. Honus was on first base. The next batter cracked one down in my direction, and I came in on the ball. Wagner ran behind me. The man going to first was almost there, and I realized I had no chance to get him. However, I made a bluff throw to first, and Wagner thinking I was going to get into with my throw rounded second and made for third. I turned quickly and shot the ball to third and got Honus by 10 feet."

"That I will always believe was what gave me my start as a big leaguer. The writers who thought I wouldn't do, began to praise me, and this acted as an incentive. Seely told me afterwards that I probably would make a ball player if I could stay hit. I got orders to get out every morning and practice batting. Some pitchers would pitch to me for about an hour each day."

Follow players credit much of Evers' success to his willingness to learn. He always is ready to hear a suggestion from another player or a fan or a baseball writer, and he devotes much time to reading the baseball news in the daily papers, to see what criticism is made and then see to it that he does not allow the same fault to happen again. Evers says: "Baseball is my business. I am always ready to see and study it from all angles."

Kansas City, Mo., April 5.—Manager Mitchell denied the rumor that he had received a letter from Pitches Ed Walsh, formerly of the White Sox, asking for a position on the Cub team and stated that with the number of writers he has on his staff he would have no room for the Big Moose.

"I have not heard anything from Walsh," said Mitchell. "I could not use him. If he were not there, Mitchell would not let him go. I have to build up a ball club and am not seeking pitchers who have some back. Walsh might be O. K. but I have too many men on my bench now without worrying about one more."

Kansas City, Mo., April 5.—Night weather and a gusty wind, Chicago brand, did not prevent Phil Douglas from proving conclusively that he is prepared to make a successful start in the National league race. The cold winds did not bother him a bit. He twirled nine innings against Kansas City, held the Blues to four hits and won the game, 3 to 1. His work was most convincing and encouraging to Manager Mitchell, who said after the game that Phil is to be one of his reliable.

MOOSE LEGION MEET FRIDAY AT BATAVIA

Moose Lodge Men From Northern Illinois to Gather to Form Aurora District of Legion.

New Social Branch of Order, Formed Year Ago in Pittsburgh, Is Proving Very Profitable.

Batavia, Ill., April 4.—There is to be a meeting in the Moose hall Friday evening of all Moose members in northern Illinois for the purpose of instituting a lodge of the Moose legion. The purpose is purely social.

Every member of the Moose order in northern Illinois if in good standing can attend and be enrolled as a member of this advanced social organization. Norbert Berne of Aurora is in charge of the work in this district and is anxious that all of the members of the Batavia lodge attend. Members of the Moose lodge from Ottawa, Streator and Rockford have written their intentions of attending the meeting.

The first meeting of the legion since last summer known as the Moose legion and its headquarters have been at Pittsburgh, Pa. It has become so very popular that it has been divided into districts and is gathering tomorrow night at Rockford for a social hour. There will be a social hour after the talks given by Rodney Brandon, Norbert Berne and other bks Moose.

Council Meets Monday Night.
The city council will meet Monday night and the only important matter to be discussed, as far as known is ordering the city clerk to advertise for bids for the new city fire barn. The local board of improvements will not meet for a couple of weeks or until the county surveyor arrives home from Hot Springs where he has gone for several weeks. His final report on East Batavia sewers is awaited.

Think Home Guards Best.
Frank Rogers and James Miles, two well known Batavia youths, became inspired with patriotic sentiment yesterday and left Batavia at noon for Chicago where they planned to give their services to the United States. They expected to enter the navy, they said. After reaching Chicago they seemed to realize that home and friends were pretty near and dear so they steered clear of all recruiting offices. They did not even go to the navy.

Upon reaching home last evening they found anxious friends and relatives awaiting them. The two young men still want to fight for their country and will join the home guards as they would rather fight on land than on the sea.

Open Barn Bids Saturday.
Bids for the county home farm, to be opened at the county home Saturday morning at 10 o'clock. It is expected that the barn will be completed by the time that the hay is in. It is to be stored this summer. Many contractors are figuring on the plans and specifications which are at Supervisor Hollister's office.

Commercial Club Election.
There is to be an election of officers this evening at the Commercial club. The polls will be open from 7 to 9 o'clock. A caucus was held last week and the men nominated at that time are candidates for the various offices.

Woman's Club Election.
The nominating committee of the Woman's club has been appointed by Mrs. M. J. Abernathy, president of the club. The women who will have charge of nominating the officers are: Mrs. W. A. Thoma, chairman; Mrs. M. A. Kinne, Mrs. H. G. Shumway, Mrs. E. H. Wolcott and Mrs. W. Burke. It is rumored that Mrs. David Sperry will be elected president of the club for the coming year. She has been a most efficient secretary and has been prominent in all affairs of the club. Mrs. M. J. Abernathy, who for the past two years has served as president, announced today that she will not be a candidate for reelection.

Lockwood Inquest.
The inquest over the remains of Mrs. Louise Lockwood, burned to death last Tuesday was held at R. C. Hollister's undertaking parlors Wednesday afternoon. The verdict was that she came to her death by being accidentally burned. The word was received by Mrs. George Guy this morning from Edward Lockwood, a son of Toronto, Can., stating that he has left there and would arrive in Batavia this evening. Funeral arrangements will be made after the arrival of Mr. Lockwood.

There is a small piece of the street between the North-Western railroad tracks and Anderson boulevard which is unfinished. The winter weather has stopped the work.

The city workers have been sweeping dirt and loose asphaltum from the pavement. The sand and asphaltum was left on the pavement all winter, to give it a chance to work in between the bricks.

Residents have been giving attention to their parking and the extra supply of dirt, bricks and other materials will be removed from the street immediately. Paving experts, who had nothing to do with the State street work, say that it is one of the best pieces of street work they have seen.

It is understood that there will be no new paving in Geneva, this year because of the unsettled conditions caused by the war. Property owners of First street are anxious to have their street paved, however.

Funeral of Little Girl.
The funeral of Hazel Brown, the 5-year-old daughter of Mr. and Mrs. Leonard Brown who met instant death Tuesday when a wagon box fell on her, will be held at 2 o'clock Friday afternoon at the late home of John O'Brien, 727½ W. Adams street. Rev. H. O. Enwall, pastor of the First M. E. church, will conduct the service. The burial will be in Oak Hill cemetery. The coroner's jury yesterday returned a verdict that the child met death as the result of a fractured skull caused by a wagon box falling on her.

Girl Lets Him Enlist.
Miss Rowena Baslin of Highland Park, fiancée of Kenneth Bennett of Geneva, who said she would not marry him if he joined the national guard, has relented, and Mr. Bennett has been given permission to join the army.

Miss Baslin at a meeting of pacifists made a speech and asked the girls to refuse to marry any man who would join the army.

After she made the speech she sent a message to Mr. Bennett explaining that she was sorry.

In the meantime, Mr. Bennett, hearing of the speech of his fiancée and fearing he might lose her, sent a message to her, saying he would not join the militia.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests, which merely make the corns harder. This painful habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezone, which costs but very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin it on your wife's dresser.—Adv.

The Pottawatomie lodge, L. O. O. M., of St. Charles will have a regular meeting this evening and the officers elected at the last meeting will be installed. Rodney Brandon, secretary and treasurer of the board of government of Mooseheart, and Col. H. P. Ruchter, national director of the L. O. O. M., will attend the meeting. These men will deliver messages, which the members should hear.

The executive committee of the St. Charles Commercial club will meet this evening for the purpose of considering a matter of special importance.

The Boy Scouts will hold their second annual rally and athletic meet Saturday evening, April 14, in the west school gymnasium.

The directors of the St. Charles Commercial association will meet next Monday evening.

Miss Marion Morter, who is making her home in Aurora with her aunt and attending school there, was a visitor to the St. Charles high school Tuesday.

Supt. Faith McAuley and Messrs. Frazer and Love of the high school faculty attended the patriotic rally in Chicago, Saturday evening.

McAuley gave a review of the meeting to the high school pupils, Tuesday.

C. A. Faust, writing supervisor, made a tour of inspection of the writing work of the school pupils this week. He reported very gratifying progress in general and a number of pupils of the upper grades will try to win writing certificates before June.

Dr. and Mrs. Richard Lambert were Chicago visitors today.

Plan School Field Trips.
"A knowledge of the outdoors with the resulting interest is one of the most profitable and pleasurable influences of life," said Faith McAuley, of the St. Charles schools, said today. She further said, "The weeks of spring will be used to give the pupils in the grades this outdoor information. At least two field trips after school hours will be made by each room. The identification of trees and shrubs in winter condition, the acquisition of spring forms, the seasonal habit of plant methods of food storage, identification of insect forms, winter rock-weathering are typical topics which will be emphasized."

Idle Hour Theater.

MAKE YOUR OWN HOT CROSS BUNS

Popular Good Friday Delicacy
as Easily Made as Ordinary
Breakfast Buns.

Cross Was Old English Custom of
"Royal Chosen Bakers" of
London—Legend Many.

The good American housekeeper and the good American baker are not forgetting to make their batches of hot cross buns for Good Friday, for already the former are planning to make them and the latter are advertising that they will be supplied with hundreds of dozens. The housekeeper makes them like any other good breakfast bun, except she sweetens every one with plenty of sugar and marks every one with a well-shaped cross. The great piece of attraction for bun eaters in the old time was in Chelsea, where were two "royal bun houses." Along the whole length of the front of each stood a flat-roofed neat wooden portico or piazza of the width of the footpath, beneath which in winter the cold winds of persons assembled to scramble for a chance of purchasing a "royal hot cross Chelsea bun."

Several hundreds of such black tins with dozens of hot buns in each tin were disposed of in every corner from a little stall to a large stall, till after the time in the evening of Good Friday.

A Modern Recipe.
A modern recipe for making hot cross buns is:
Ingredients:
One cupful scalded milk.
One-half cupful sugar.
One-half cupful yeast.
One-half teaspoonful salt.
One cupful raisins cut into quarters.

Oat cake yeast dissolved in one-fourth cup lukewarm water.

Method: Add one-half cup sugar and salt to milk. When lukewarm add dissolved yeast and one and one-half cups flour. Cover and let rise until light. Add butter, remaining sugar, raisins, lemon and flour enough to make a stiff batter. Let rise, shape like biscuits, let rise again and bake. There are many sentiments handed down regarding hot cross buns. One historian says "these buns were made of the dough kneaded for the host and were marked with the cross accordingly. As Good Friday buns are said to keep for 12 months without turning mouldy some persons still hang up one or more in their houses as a charm against evil." Another says, "the round bun represents the full moon and the cross represents the quarters of the moon. They were made in honor of Diana by the ancient Roman priests somewhere about the vernal equinox. Phoenicians, Carthaginians, Egyptians as well as the Greeks and Romans worshipped the moon."

News in Brief

Breaks Kille Order, Jailed.—William Peterson, 37 years old, banished from Aurora five weeks ago with a warrant from Police Magistrate Barlow that he would be sent to the county jail if he returned, came back last night. He got intoxicated and fell into the hands of a patrolman. In police court this morning he was given a sentence of 60 days in the county jail on a charge of vagrancy. Peterson was arrested before for stealing a pair of shoes in North Broadway. He says that his home is in Chicago.

Visit—The Bon Ton first.

Report Attempted Burglaries.—Residents of South Fourth street, in the vicinity of North avenue, reported today that someone tried to break into several homes after midnight last night. No burglaries were reported to the police.

Voters League meets tonight.—The United Voters League will meet at 7:30 this evening in the council chambers of the city hall. A committee meeting will be held in the city hall one half hour earlier. All candidates for alderman are cordially invited to meet with the committee at 7 o'clock. R. P. Hughes, secretary.

Easter Military.—Mrs. Jennie R. Smith, 231 Pennsylvania avenue.

Loose Peddler Rules Market.—The same peddler who appeared at the city market when it was opened for the season last Tuesday was back again this morning. There were no farmers there. Vegetables and other farm products brought practically the same prices from the peddler that they did in the street. Marketmaster Faith says that unless the city passes an ordinance to keep the peddlers away from the market farmers will not come in.

Latest Dance—Music. Collins' band orchestra. Saturday night. Zouave hall.

Taxi Knocked Girl Down.—Miss Edna Harrington, 17 years old, was struck by an automobile at the corner of Fox and Union streets last night at 7:30 o'clock. She says that the machine, an enclosed taxicab, did not stop. She was struck by the fender and thrown to the pavement but was not badly injured. She has asked the police to take the name of the owner of the machine but is not able to give the names of any witnesses.

Call Off Track Meet.—The track and field meet between West High school of Aurora and Northwestern college, to have been held this afternoon at Naperville, was called off because of rain and cold weather. It is probable that the meet will be held next Saturday afternoon. Coach Brennan of West High school was planning to give his athletes their first tryout today.

Switchman Breaks Leg.—George Meyers, 29 years old, a former resident of Aurora, had his right leg fractured while working as a switchman in the yards of the Belt Line railroad in Chicago last night. He was taken to the St. Anthony hospital. Meyers formerly worked as brakeman for the Burlington railroad in Aurora.

Farmer to Pay Milk Haulers.—A number of milk producers have signed agreements to pay teamsters cents per 100 pounds for hauling milk to the distributors in Aurora. Fred Young of the Young Condensed Milk company, said. The teamsters formerly received 20 cents. All of the distributors are receiving 90 per cent of their average supply, they said.

Mooseheart Divorce Case.—Mooseheart's first divorce case was filed in the circuit court at Geneva today. Robert L. Gambill is suing Myrtle Gambill and charges desertion. They were married Oct. 11, 1911, and lived together until Sept. 12, 1912, the bill states. He is employed at Mooseheart.

To Arraign Accused Boy.—Louis Denney, 13 years old, arrested Saturday on a charge of stealing brass from the Aurora, Elgin & Chicago railroad, will be arraigned before County Judge Hoover next Tuesday. He is to be committed to the State Home for Boys at St. Charles.

Girl Seen 'Man in Gray.'—Miss Edith Watson, 19 years old, believes that she saw the mysterious "Man in Gray," standing behind a tree last night at the corner of North and Lincoln avenues. She was on her way home at 7:30 o'clock, she says, when she saw the man. She did not notify the police.

Loose \$25 on Train.—Fred Winslow, of Earlville, complains that he lost a pocketbook containing \$25 on a Burlington railroad passenger train this morning. He missed the wallet when he got off the car here and believes that he was a victim of pickpocketing.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. The only way to do this is to use a dandruff scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single seed and trace of it, no matter how much dandruff you may have.

MORE RECRUITS

Two more recruits presented themselves at the office of Corp. A. J. Stepin in the postoffice this morning and were accompanied to Chicago at 10:35 by the officer. Their names were not given out.

Four recruits thus far this week in the record of the Aurora office. The men have been coming in rapidly since the prospects for hostilities in the immediate future loomed up Monday. Corporal Stepin hopes to keep up the record of one a day.

BLOCK PEST HOUSE PLAN

Members of the board of park commissioners have notified Dr. George W. Schwachten, city health commissioner, that they are opposed to converting the house in the Phillips park addition, now occupied by Joseph Dunn, into an isolation hospital. The house, they say, is within a few feet of the driveway which leads from the Lincoln highway into the park. They fear that the house, if moved to the corner of the park, would be a pest house for the neighborhood. Dr. Schwachten has suggested that the house be moved to the extreme northeast corner of the park addition, but the commissioners say that they do not want such a hospital on any part of the park grounds.

ASK SCHOOLS ASSIST IN "CLEAN-UP" WEEK

The principals and teachers in the public and parochial schools are to be asked to assist in the "clean-up week" work in Aurora next month. It is the plan of the street and health departments to have the schools set aside on study hour during which the teachers will give the children "clean-up week" instructions. Superintendent of Streets DuSelle has set aside the first week in May for the work.

Important Elks Meeting Tonight

At the regular meeting of Aurora lodge, No. 705, E. P. O. E., this evening, plans for the state convention to be held here next June will be discussed. The committee in charge of arrangements for the conventions will make a complete report. A delegation from Chicago lodge will attend the meeting. A buffet luncheon will be served after the business meeting and the Jolly lodge quartet will sing.

MRS. THOMPSON TO ASYLUM

Mrs. Isabelle Thompson, once the belle of Grundy county, widow of the late Ole Thompson of Lisbon, has signed a voluntary petition ordering her commitment to an insane asylum. She will probably be taken to the state hospital at Watertown tomorrow. Judge Hoover of the county court is completing arrangements for her transfer from the Aurora city jail to the state hospital. Assistant State's Attorney Amel asked that Mrs. Thompson be examined before a commission of physicians as to her sanity, alleging that her mind has become diseased from disipation. Mrs. Thompson was present at the hearing and signed the petition.

Obituary

Mrs. James Woodcock.
Mrs. James Woodcock died yesterday afternoon at 3 o'clock at the home of her son, William Woodcock, 529 Second avenue. Mrs. Woodcock was born in Scotland, Dec. 25, 1819, and made Aurora her home for the past several years. Surviving is her son, William.

Funeral services will be held Friday afternoon at 2:30 o'clock from the home of the son in Second avenue. The Rev. E. H. Montgomery, pastor of the First Presbyterian church, will officiate. Interment in Spring Lake cemetery.

Movie Notes

Charles Kenyon, the author of "Kindling," in which Margaret Hillington made such a tremendous success upon the stage is now at work at the Lasky studio on an original photoplay for Miss Hillington. She is now completing the adaptation of Basil King's "The Inner Shrine," under the direction of Frank Reicher, which is scheduled for release by Paramount on April 9. It is an interesting coincidence that Miss Hillington appeared in the first production written by Mr. Kenyon that was ever accepted for the stage.

Fannie Ward and her company, under the direction of George Melford, left Hollywood last and journeyed to San Francisco for some "big league city stuff" for their forthcoming picture.

A new starring combination will be Vivian Martin and Benson Hayskara who are just beginning work. The opening scenes of the picture were laid in Japan.

The scene shifters at the Lasky studio have developed such strong ideas that they no longer think anything at all of moving buildings about the lot. The latest example of this is the tearing down of the old wardrobe building and the moving of the new star dressing room building into its place on Vine street. The latter building, according to eight of the Lasky stars, A private entrance will be cut into the establishment and a porte cochere extended over the side walk so that during the well known rainy season Marie Doré, Fannie Ward, Margaret Hillington and the others can alight from their limousines without being drenched.

Having completely recovered from the effects of his trip to Hawaii, Marshall Neilan will take Jack Pickford and Louise Hunt and the rest of the "Pickford" company to the Santa Clara Valley to do the lumber scenes for the adaptation of the famous Gene Stratton-Porter novel. It was hoped at first that the youthful players would have the privilege of being the first to use the newly acquired lumber.

her plant at Hoquiem, Wash., but telegraphic advices from the management of the plant declared the entire establishment to be under two feet of snow. Inasmuch as it was summer lumber scenes that were desired, it was decided that the exodus to Santa Clara was the only solution of the problem.

Gordon D. Mullen is thinking of hiring a secretary. Mr. Mullen has been playing in two Fox film comedies and recently been shown in England, has been receiving a great number of letters from across the ocean, congratulating him on the success of his work with the new company. Mr. Mann has a large English following from his former comedy hits.

Hank Hears From Abroad.

Hank Mann, whose first Fox film comedy has recently been shown in England, has been receiving a great number of letters from across the ocean, congratulating him on the success of his work with the new company. Mr. Mann has a large English following from his former comedy hits.

Spring Paint Causes Trouble.

Unconscious comedy has been going on among the Fox film makers at the William Fox Hollywood studio. The entire plant has been subjected to a spring coat of paint, with the result that Edith Hopkins appears every few days with a freckle streak of dark green across her skirt or a brilliant white bar running down her arm.

Miss Hoskins' earliest feat is backing up against a newly-painted doorpost or wall, and bearing evidence of it away with her.

Parrott Completes Another.

Charles Parrott has completed another roaring Fox film comedy, with Charles Conklin and Peggy Frevost in the leading roles. The latest picture is a sure-fire hit which reveals all the intricacies of the most secret recesses of movie making. It was completed by Mr. Parrott in 13 days, thereby establishing a record for swift work at the William Fox studio.

The patriotic spirit of Yale, in its great preparedness movement, has

been equalled in enthusiasm at least. Recently the entire cadet corps of the Albert Lea, Minn., high school foretook the course of education and marched away from an afternoon session at school to see "Patria," the great inspirational preparedness serial, with Mrs. Vernon Castle.

From an educational point of view, this action was, of course, all wrong, and the officer in command was suspended. But from the viewpoint of true American boyhood, it is intensely patriotic and impulsive, but entirely justifiable.

When Mollie King, the golden-haired star of the Pathe photoplay serial, "Mystery of the Double Cross," goes a-traveling, she will sleep at night in a stateroom and not in an ordinary berth—not even a lower one. Miss King had an experience with a refractory berth the other day that almost resulted seriously and at last, lost for her several strands of her yellow tresses. In one of the scenes of "Mystery of the Double Cross" the interior of a sleeping car is shown. Miss King is in the lower berth while in the upper is Ralph Stuart, the gentlemanly villain of the play. The sleeping car had been built in a corner of the Astra studio and while it was a very good sleeping car to look upon, it had its faults, as is shown. Miss King was reclining at full length in her lower berth and Stuart had just reached the dark recesses of the upper. The stage carpenter had built attractively but not well. Under the weight of Stuart, there was suddenly a tremendous crash and the upper berth with Stuart in it came tumbling down upon the prostrate Miss King. For a time, it seemed as though it would be impossible to recover of it.

ROBERT HARRON AND MILDRED HARRIS, IN TRIANGLE PLAY, "THE BAD BOY."

"The Bad Boy," Robert Harron as Star.

Robert Harron makes his first appearance as an individual Triangle star in "The Bad Boy," at the Fox theatre.

The play is a comedy drama of life in an American town. Harron has the part of a boy with an unnecessarily stern father and a too indul-

gent mother, who falls into evil associations and undergoes a severe lesson. Two of the younger actresses at the Triangle-Fine Arts studios appear in support of Harron, Mildred Harris and Colleen Moore, this being the latter's first appearance. The play has a strong cast, including Josephine Crowell, William H. Brown and Elmo Lincoln.

her alive from the debris, but she was finally rescued with no greater damage than a bump on her head and the loss of a few locks.

Rex Ingram has contributed another of his conspicuously beautiful productions, "The Pulse of Life," a play that may well be forecasted as "a thrilling melodrama." Wedgewood Nowell and Gypsy Harris play the leading roles, the plot of the piece shifting back and forth between Italy and the Bohemian colony that centers around Washington Square, in New York.

When Dorothy Phillips appears in "The Girl in the Checkered Coat," a forthcoming Bluebird photoplay, she will interpret the role of two sisters, entirely different in personal appearance and impulses. Miss Phillips will be on view practically all of the time thru five acts, and thru the aid of camera-trickery she will play several scenes in which she appears simultaneously in both characters.

EASTER FLOWERS

Arrayed in all their beauty and splendor—fresh, fragrant Easter Flowers and dainty Plants afford a pleasing spectacle in this establishment now.

To simply view them will be a pleasure but it will mean a great deal more to you to actually have these Easter time messengers in your home.

It will be easy for you to select just what you want for the purpose you have in mind—for the most favored varieties are here in profusion. And the range of price is quite as large as the range of choice—still further facilitating the matter of selection.

The Overland Light Six

THERE'S two-fold beauty in this Overland Light Six—beauty in appearance—beauty in performance.

The flow of power is smooth. The car handles with unusual ease. It is a car which experienced motorists invariably approve.

Its riding comfort is also unusual—thanks to long cantilever rear springs that absorb all road shocks.

Not least of its advantages is its price—much less than that of any other six of similar specifications.

Call and inspect this Overland Light Six.
